

## **VegTech™ Food Innovation & Climate ETF**

**(EATV)**

Listed on Cboe BZX Exchange, Inc.

**Supplement dated April 23, 2025 to the Prospectus and  
Statement of Additional Information (“SAI”), each dated February 28, 2025**

---

VegTech™ LLC (the “Adviser”), the investment adviser to the VegTech™ Food Innovation & Climate ETF (the “Fund”), has recommended, and the Board of Trustees of Advisors Series Trust has approved, a plan of liquidation and the termination of the Fund immediately after the close of business on May 7, 2025 (the “Liquidation Date”). Shares of the Fund are listed on Cboe BZX Exchange, Inc.

The Adviser concluded that the Fund is not economically viable at the current asset level.

Effective on or about April 25, 2025, the Fund will begin liquidating its portfolio assets. This will cause the Fund to increase its cash holdings and deviate from the investment objective and strategies stated in the Fund’s prospectus.

The Fund will no longer accept orders for new creation units after the close of business on the business day prior to the Liquidation Date, and trading in shares of the Fund will be halted prior to market open on the Liquidation Date. Prior to the Liquidation Date, shareholders may only be able to sell their shares to certain broker-dealers, and there is no assurance that there will be a market for the Fund’s shares during that time period. Customary brokerage charges may apply to such transactions.

On or about the Liquidation Date, the Fund will liquidate its assets and distribute cash pro rata to all remaining shareholders. These distributions are taxable events. Distributions made to shareholders should generally be treated as received in exchange for shares and will therefore generally give rise to a capital gain or loss depending on a shareholder’s tax basis. Shareholders should contact their tax advisor to discuss the income tax consequences of the liquidation. As calculated on the Liquidation Date, the Fund’s net asset value will reflect the costs of closing the Fund, if any. Once the distributions are complete, the Fund will terminate. Proceeds of the liquidation will be sent to shareholders promptly after the Liquidation Date.

Please call 1-800-617-0004 or your financial advisor if you have questions or need assistance.

**Please retain this supplement with your Prospectus and SAI for future reference.**

### **STATEMENT OF ADDITIONAL INFORMATION**

February 28, 2025

This Statement of Additional Information (“SAI”) is not a prospectus and should be read in conjunction with the Prospectus for the VegTech™ Food Innovation & Climate ETF (the “Fund”), a series of Advisors Series Trust (the “Trust”), dated February 28, 2025, as may be supplemented from time to time (the “Prospectus”). Capitalized terms used in this SAI that are not defined have the same meaning as in the Prospectus, unless otherwise noted. A copy of the Prospectus may be obtained without charge, by calling the Fund at 1-800-617-0004 visiting [eatv.vegtechinvest.com](http://eatv.vegtechinvest.com), or writing to the Fund, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, Wisconsin 53201-0701.

The Fund’s audited financial statements and notes thereto for the fiscal year ended October 31, 2024, are contained in the Fund’s [Form N-CSR](#) and are incorporated by reference into this SAI. A copy of the annual report may be obtained without charge by calling or writing the Fund as shown above or by visiting the Fund’s website at [eatv.vegtechinvest.com](http://eatv.vegtechinvest.com).

## GENERAL INFORMATION ABOUT THE TRUST

The Trust is a Delaware statutory trust organized under the laws of the State of Delaware on October 3, 1996, and is registered with the U.S. Securities and Exchange Commission (the “SEC”) as an open-end management investment company. The Trust’s Agreement and Declaration of Trust (the “Declaration of Trust”) permits the Trust’s Board of Trustees (the “Board” or the “Trustees”) to issue an unlimited number of full and fractional shares of beneficial interest, par value \$0.01 per share, which may be issued in any number of series. The Trust consists of various series that represent separate investment portfolios. The Board may from time to time issue other series, the assets and liabilities of which will be separate and distinct from any other series. The Trust is governed by its Board of Trustees (the “Board”). VegTech™ LLC (the “Adviser”) serves as investment adviser to the Fund, and Penserra Capital Management LLC (“Penserra” or the “Sub-Adviser”) serves as sub-adviser to the Fund. This SAI relates only to the Fund. Prior to February 28, 2025, the Fund was known as the VegTech™ Plant-based Innovation & Climate ETF.

The Fund offers and issues Shares at its net asset value (“NAV”) only in aggregations of a specified number of Shares (each, a “Creation Unit”). The Fund generally offers and issues Shares in exchange for a basket of securities included in its portfolio (“Deposit Securities”) together with the deposit of a specified cash payment (“Cash Component”). The Trust reserves the right to permit or require the substitution of a “cash in lieu” amount (“Deposit Cash”) to be added to the Cash Component to replace any Deposit Security or other instrument in the Fund’s portfolio. Shares are listed on the Cboe BZX Exchange, Inc. (the “Exchange”) and trade on the Exchange at market prices that may differ from the Shares’ NAV. Shares are also redeemable only in Creation Unit aggregations, primarily for a basket of Deposit Securities together with a Cash Component. A Creation Unit of the Fund generally consists of 15,000 Shares, though this may change from time to time. Creation Units are not expected to consist of fewer than 15,000 Shares. As a practical matter, only institutions or large investors purchase or redeem Creation Units. Except when aggregated in Creation Units, Shares are not redeemable securities.

Shares may be issued in advance of receipt of Deposit Securities subject to various conditions, including a requirement to maintain on deposit with the Trust cash at least equal to a specified percentage of the value of the missing Deposit Securities, as set forth in the Participant Agreement (as defined below). The Trust may impose a transaction fee for each creation or redemption. In all cases, such fees will be limited in accordance with the requirements of the SEC applicable to management investment companies offering redeemable securities. As in the case of other publicly traded securities, brokers’ commissions on transactions in the secondary market will be based on negotiated commission rates at customary levels.

## ADDITIONAL INFORMATION ABOUT INVESTMENT OBJECTIVES, POLICIES, AND RELATED RISKS

The Fund’s investment objective and principal investment strategies are described in the Prospectus. The following information supplements, and should be read in conjunction with, the Prospectus. For a description of certain permitted investments, see “Description of Permitted Investments” in this SAI.

With respect to the Fund’s investments, unless otherwise noted, if a percentage limitation on investment is adhered to at the time of investment or contract, a subsequent increase or decrease as a result of market movement or redemption will not result in a violation of such investment limitation.

### Non-Diversification

The Fund is non-diversified, which means that there is no restriction under the 1940 Act on how much the Fund may invest in the securities of one issuer. As a non-diversified investment company, the Fund may be subject to greater risks than diversified companies because of the larger impact of fluctuation in the values of securities of fewer issues. Under the Investment Company Act of 1940, as amended (the “1940 Act”) and the rules, regulations and interpretations thereunder, an investment company is a “diversified company” if, as to 75% of its total assets, it does not purchase securities of any issuer (other than obligations of, or guaranteed by, the U.S. government or its agencies, or instrumentalities or securities of other investment companies) if, as a result, more than 5% of its total assets would be invested in the securities of such issuer, or more than 10% of the issuer’s voting securities would be held by the investment company. For purposes of the Fund’s diversification policy, the identification of the issuer of a security may be determined in any reasonable manner, consistent with SEC guidance.

However, since the Fund intends to qualify as a “regulated investment company” under Subchapter M of the Internal Revenue Code of 1986, as amended, (the “Code”), the Fund will limit its investment, excluding cash, cash items (including receivables), U.S. government securities and securities of other regulated investment companies, so that at the close of each quarter of the taxable year, (1) not more than 25% of the Fund’s total assets will be invested in the securities of a single issuer, and (2) with respect to 50% of its total assets, not more than 5% of the Fund’s total assets will be invested in the securities of a single issuer nor represent more than 10% of the issuer’s outstanding voting securities.

## General Risks

The value of the Fund's portfolio securities may fluctuate with changes in the financial condition of an issuer or counterparty, changes in specific economic or political conditions that affect a particular security or issuer and changes in general economic or political conditions. An investor in the Fund could lose money over short or long periods of time.

There can be no guarantee that a liquid market for the securities held by the Fund will be maintained. The existence of a liquid trading market for certain securities may depend on whether dealers will make a market in such securities. There can be no assurance that a market will be made or maintained or that any such market will be or remain liquid. The price at which securities may be sold and the value of Shares will be adversely affected if trading markets for the Fund's portfolio securities are limited or absent, or if bid-ask spreads are wide.

**Cyber Security Risk.** Investment companies, such as the Fund, and their service providers may be subject to operational and information security risks resulting from cyber attacks. Cyber attacks include, among other behaviors, stealing or corrupting data maintained online or digitally, denial of service attacks on websites, the unauthorized release of confidential information or various other forms of cyber security breaches. Cyber attacks affecting the Fund or the Adviser, Sub-Adviser, custodian, transfer agent, intermediaries and other third-party service providers may adversely impact the Fund. For instance, cyber attacks may interfere with the processing of shareholder transactions, impact the Fund's ability to calculate its NAV, cause the release of private shareholder information or confidential company information, impede trading, subject the Fund to regulatory fines or financial losses, and cause reputational damage. The Fund may also incur additional costs for cyber security risk management purposes. Similar types of cyber security risks are also present for issuers of securities in which the Fund invests, which could result in material adverse consequences for such issuers, and may cause the Fund's investments in such portfolio companies to lose value.

## DESCRIPTION OF PERMITTED INVESTMENTS

The following are descriptions of the permitted investments and investment practices and the associated risk factors. The Fund will only invest in any of the following instruments or engage in any of the following investment practices if such investment or activity is consistent with the Fund's investment objective and permitted by the Fund's stated investment policies.

**Borrowing.** Although the Fund does not intend to borrow money, the Fund may do so to the extent permitted by the 1940 Act. Under the 1940 Act, the Fund may borrow up to one-third (1/3) of its total assets. The Fund will borrow money only for short-term or emergency purposes. Such borrowing is not for investment purposes and will be repaid by the Fund promptly. Borrowing will tend to exaggerate the effect on NAV of any increase or decrease in the market value of the Fund's portfolio. Money borrowed will be subject to interest costs that may or may not be recovered by earnings on the securities purchased. The Fund also may be required to maintain minimum average balances in connection with a borrowing or to pay a commitment or other fee to maintain a line of credit; either of these requirements would increase the cost of borrowing over the stated interest rate.

**Equity Securities.** Equity securities, such as the common stocks of an issuer, are subject to stock market fluctuations and therefore may experience volatile changes in value as market conditions, consumer sentiment or the financial condition of the issuers change. A decrease in value of the equity securities in the Fund's portfolio may also cause the value of Shares to decline.

An investment in the Fund should be made with an understanding of the risks inherent in an investment in equity securities, including the risk that the financial condition of issuers may become impaired or that the general condition of the stock market may deteriorate (either of which may cause a decrease in the value of the Fund's portfolio securities and therefore a decrease in the value of Shares). Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence and perceptions change. These investor perceptions are based on various and unpredictable factors, including expectations regarding government, economic, monetary and fiscal policies; inflation and interest rates; economic expansion or contraction; and global or regional political, economic, public health, or banking crises.

Holders of common stocks incur more risk than holders of preferred stocks and debt obligations because common stockholders, as owners of the issuer, generally have inferior rights to receive payments from the issuer in comparison with the rights of creditors or holders of debt obligations or preferred stocks. Further, unlike debt securities, which typically have a stated principal amount payable at maturity (whose value, however, is subject to market fluctuations prior thereto), or preferred stocks, which typically have a liquidation preference and which may have stated optional or mandatory redemption provisions, common stocks have neither a fixed principal amount nor a maturity. Common stock values are subject to market fluctuations as long as the common stock remains outstanding.

**When-Issued Securities** – The Fund may purchase securities on a when-issued basis, for payment and delivery at a later date, generally within one month. The price and yield are generally fixed on the date of commitment to purchase, and the value of the security is thereafter reflected in the Fund's NAV. During the period between purchase and settlement, no payment is made by the Fund and no interest accrues to the Fund. At the time of settlement, the market value of the security may be more or less than the purchase price.

Rule 18f-4 under the 1940 Act permits the Fund to invest in securities on a when-issued or forward-settling basis, or with a non-standard settlement cycle, notwithstanding the limitation on the issuance of senior securities in Section 18 of the 1940 Act, provided that a Fund intends to physically settle the transaction and the transaction will settle within 35 days of its trade date (the “Delayed-Settlement Securities Provision”). A when-issued, forward-settling, or non-standard settlement cycle security that does not satisfy the Delayed-Settlement Securities Provision is treated as a derivatives transaction under Rule 18f-4.

Types of Equity Securities:

*Common Stocks* — Common stocks represent a proportionate share of the ownership of a company and its value is based on the success of the company’s business, any income paid to stockholders, the value of its assets, and general market conditions. In addition to the general risks set forth above, investments in common stocks are subject to the risk that in the event a company in which the Fund invests is liquidated, the holders of preferred stock and creditors of that company will be paid in full before any payments are made to the Fund as a holder of common stock. It is possible that all assets of that company will be exhausted before any payments are made to the Fund.

*Convertible Securities* — The Fund may invest in convertible securities. Convertible securities (such as debt securities or preferred stock) may be converted into or exchanged for a prescribed amount of common stock of the same or different issuer within a particular period of time at a specified price or formula. A convertible security entitles the holder to receive interest paid or accrued on debt or dividends paid on preferred stock until the convertible stock matures or is redeemed, converted or exchanged. While no securities investment is without some risk, investments in convertible securities generally entail less risk than the issuer’s common stock. However, the extent to which such risk is reduced depends in large measure upon the degree to which the convertible security sells above its value as a fixed income security. In addition to the general risk associated with equity securities discussed above, the market value of convertible securities is also affected by prevailing interest rates, the credit quality of the issuer and any call provisions. While convertible securities generally offer lower interest or dividend yields than nonconvertible debt securities of similar quality, they do enable the investor to benefit from increases in the market price of the underlying common stock.

*Initial Public Offerings* — Securities issued in initial public offerings (“IPOs”) are often issued by unseasoned companies that have the risks of smaller capitalization companies. Securities issued in IPOs have no trading history, and information about the companies may be available for very limited periods. Securities issued in an IPO frequently are very volatile in price, and the Fund may hold securities purchased in an IPO for a very short period of time. As a result, the Fund’s investments in IPOs may increase portfolio turnover, which increases brokerage and administrative costs and may result in taxable distributions to shareholders.

At any particular time or from time to time the Fund may not be able to invest in securities issued in IPOs, or invest to the extent desired because, for example, only a small portion (if any) of the securities being offered in an IPO may be made available to the Fund. In addition, under certain market conditions a relatively small number of companies may issue securities in IPOs. Similarly, as the number of investors to which IPO securities are allocated increases, the number of securities issued to any one investor may decrease. The investment performance of the Fund during periods when it is unable to invest significantly or at all in IPOs may be lower than during periods when it is able to do so. In addition, as the Fund increases in size, the impact of IPOs on the Fund’s performance will generally decrease. There can be no assurance that investments in IPOs will improve the Fund’s performance.

*Special Purpose Acquisition Companies* — The Fund may invest in stock, warrants and other securities of special purpose acquisition companies (“SPACs”) or similar special purpose entities that pool funds to seek potential acquisition opportunities. Unless and until an acquisition is completed, a SPAC generally invests its assets (less a portion retained to cover expenses) in U.S. Government securities, money market fund securities, and cash. If an acquisition that meets the requirements for the SPAC is not completed within a pre-established period of time, the invested funds are returned to the entity’s shareholders, less certain permitted expense, and any warrants issued by the SPAC will expire worthless. Because SPACs and similar entities are in essence blank check companies without an operating history or ongoing business other than seeking acquisitions, the value of their securities is particularly dependent on the ability of the entity’s management to identify and complete a profitable acquisition. SPACs may pursue acquisitions only within certain industries or regions, which may increase the volatility of their prices. In addition, these securities, may be traded in the over-the-counter market, may be considered illiquid and/or be subject to restrictions on resale.

*Preferred Stocks* — Preferred stocks are also units of ownership in a company. Preferred stocks normally have preference over common stock in the payment of dividends and the liquidation of the company. However, in all other respects, preferred stocks are subordinated to the liabilities of the issuer. Unlike common stocks, preferred stocks are generally not entitled to vote on corporate matters. Types of preferred stocks include adjustable-rate preferred stock, fixed dividend preferred stock, perpetual preferred stock, and sinking fund preferred stock.

Generally, the market values of preferred stock with a fixed dividend rate and no conversion element vary inversely with interest rates and perceived credit risk.

**Rights and Warrants** — A right is a privilege granted to existing shareholders of a corporation to subscribe to shares of a new issue of common stock before it is issued. Rights normally have a short life of usually two to four weeks, are freely transferable and entitle the holder to buy the new common stock at a lower price than the public offering price. Warrants are securities that are usually issued together with a debt security or preferred stock and that give the holder the right to buy proportionate amount of common stock at a specified price. Warrants are freely transferable and are traded on major exchanges. Unlike rights, warrants normally have a life that is measured in years and entitles the holder to buy common stock of a company at a price that is usually higher than the market price at the time the warrant is issued. Corporations often issue warrants to make the accompanying debt security more attractive.

An investment in warrants and rights may entail greater risks than certain other types of investments. Generally, rights and warrants do not carry the right to receive dividends or exercise voting rights with respect to the underlying securities, and they do not represent any rights in the assets of the issuer. In addition, their value does not necessarily change with the value of the underlying securities, and they cease to have value if they are not exercised on or before their expiration date. Investing in rights and warrants increases the potential profit or loss to be realized from the investment as compared with investing the same amount in the underlying securities.

**Smaller-Sized Companies.** Investors in smaller-sized companies typically take on greater risk and price volatility than they would by investing in larger, more established companies. This increased risk may be due to the greater business risks of their smaller size, limited markets and financial resources, narrow product lines and frequent lack of management depth. The securities of smaller-sized companies are often traded in the over-the-counter market and might not be traded in volumes typical of securities traded on a national securities exchange. Thus, the securities of smaller capitalization companies are likely to be less liquid, and subject to more abrupt or erratic market movements, than securities of larger, more established companies.

**Tracking Stocks** — The Fund may invest directly or indirectly in tracking stocks. A tracking stock is a separate class of common stock whose value is linked to a specific business unit or operating division within a larger company and which is designed to “track” the performance of such business unit or division. The tracking stock may pay dividends to shareholders independent of the parent company. The parent company, rather than the business unit or division, generally is the issuer of tracking stock. However, holders of the tracking stock may not have the same rights as holders of the company’s common stock.

**Fixed Income Securities.** The Fund may invest directly or indirectly in fixed income securities. Even though interest-bearing securities are investments that promise a stable stream of income, the prices of such securities are affected by changes in interest rates. In general, fixed income security prices rise when interest rates fall and fall when interest rates rise. Securities with shorter maturities, while offering lower yields, generally provide greater price stability than longer term securities and are less affected by changes in interest rates. The values of fixed income securities also may be affected by changes in the credit rating or financial condition of the issuing entities. Once the rating of a portfolio security has been changed, the Fund will consider all circumstances deemed relevant in determining whether to continue to hold the security.

Fixed income investments bear certain risks, including credit risk, or the ability of an issuer to pay interest and principal as they become due. Generally, higher yielding bonds are subject to more credit risk than lower yielding bonds. Interest rate risk refers to the fluctuations in value of fixed income securities resulting from the inverse relationship between the market value of outstanding fixed income securities and changes in interest rates. An increase in interest rates will generally reduce the market value of fixed income investments and a decline in interest rates will tend to increase their value.

A number of factors, including changes in a central bank’s monetary policies or general improvements in the economy, may cause interest rates to rise. Fixed income securities with longer durations are more sensitive to interest rate changes than securities with shorter durations, making them more volatile. This means their prices are more likely to experience a considerable reduction in response to a rise in interest rates.

**Lower-Rated Debt Securities.** The Fund may purchase lower-rated debt securities, commonly referred to as “junk bonds” (those rated below the fourth highest grade by NRSRO) and non-rated securities judged by the Advisor to be of equivalent quality), that have poor protection with respect to the payment of interest and repayment of principal, or that may be in default. These securities are often considered to be speculative and involve greater risk of loss or price changes due to changes in the issuer’s capacity to pay. The market prices of lower-rated debt securities may fluctuate more than those of higher-rated debt securities and may decline significantly in periods of general economic difficulty, which may follow periods of rising interest rates.

The market for lower-rated debt securities may be thinner and less active than that for higher-rated debt securities, which can adversely affect the prices at which the former are sold. If market quotations are not available, lower-rated debt securities will be valued in accordance with procedures established by the Board, including the use of outside pricing services. Judgment plays a greater role in valuing high-yield corporate debt securities than is the case for securities for which more external sources for quotations and last-sale information are available. Adverse publicity and changing investor perceptions may affect the ability of outside pricing services to value lower-rated debt securities and the Fund’s ability to sell these securities.

Since the risk of default is higher for lower-rated debt securities, the Advisor's research and credit analysis are an especially important part of managing securities of this type held by the Fund. In considering investments for the Fund, the Advisor will attempt to identify those issuers of high-yielding debt securities whose financial condition are adequate to meet future obligations, have improved, or is expected to improve in the future. The analysis focuses on relative values based on such factors as interest or dividend coverage, asset coverage, earnings prospects, and the experience and managerial strength of the issuer.

The Fund may choose, at its expense or in conjunction with others, to pursue litigation or otherwise exercise its right as security holder to seek to protect the interests of security holders if it determines this to be in the best interest of the Fund's shareholders.

**Foreign Securities.** The Fund may invest in U.S. dollar denominated foreign securities American Depository Receipts ("ADRs"), European Depository Receipts ("EDRs"), Global Depository Receipts ("GDRs") and foreign equity securities. In determining whether a company is foreign, the Advisor will consider various factors including where the company is headquartered, where the company's principal operations are located, where the company's revenues are derived, where the principal trading market is located and the country in which the company is legally organized. The weight given to each of these factors will vary depending upon the circumstances. Investments in foreign securities may involve a greater degree of risk than those in domestic securities.

*American Depository Receipts, European Depository Receipts and Global Depository Receipts.* These securities may not necessarily be denominated in the same currency as the securities for which they may be exchanged. These are certificates evidencing ownership of shares of a foreign-based issuer held in trust by a bank or similar financial institution. Designed for use in U.S. securities markets, ADRs are alternatives to the purchase of the underlying securities in their national market and currencies, while EDRs and GDRs are European and Global receipts evidencing a similar arrangement. ADRs, EDRs and GDRs may be purchased through "sponsored" or "unsponsored" facilities. A sponsored facility is established jointly by the issuer of the underlying security and a depositary, whereas a depositary may establish an unsponsored facility without participation by the issuer of the depositary security. Holders of unsponsored depositary receipts generally bear all the costs of such facilities and the depositary of an unsponsored facility frequently is under no obligation to distribute shareholder communications received from the issuer of the deposited security or to pass through voting rights to the holders of such receipts of the deposited securities.

Investing in foreign securities involves certain risks not ordinarily associated with investments in securities of domestic issuers. Foreign securities markets have, for the most part, substantially less volume than the U.S. markets and securities of many foreign companies are generally less liquid and their prices more volatile than securities of U.S. companies. There is generally less government supervision and regulation of foreign exchanges, brokers and issuers than in the U.S. The rights of investors in certain foreign countries may be more limited than those of shareholders of U.S. issuers and the Fund may have greater difficulty taking appropriate legal action to enforce its rights in a foreign court than in a U.S. court. Investing in foreign securities also involves risks associated with government, economic, monetary, and fiscal policies (such as the adoption of protectionist trade measures), possible foreign withholding taxes on dividends and interest payable to the Fund, possible taxes on trading profits, inflation, and interest rates, economic expansion or contraction, and global or regional political, economic or banking crises. Furthermore, there is the risk of possible seizure, nationalization or expropriation of the foreign issuer or foreign deposits and the possible adoption of foreign government restrictions such as exchange controls. Also, foreign issuers are not necessarily subject to uniform accounting, auditing and financial reporting standards, practices and requirements comparable to those applicable to domestic issuers and as a result, there may be less publicly available information on such foreign issuers than is available from a domestic issuer.

In addition, the Fund may invest in foreign securities of companies that are located in developing or emerging markets. Investing in securities of issuers located in these markets may pose greater risks not typically associated with investing in more established markets such as increased risk of social, political and economic instability. Emerging market countries typically have smaller securities markets than developed countries and therefore less liquidity and greater price volatility than more developed markets. Securities traded in emerging markets may also be subject to risks associated with the lack of modern technology, poor infrastructures, the lack of capital base to expand business operations and the inexperience of financial intermediaries, custodians and transfer agents. Emerging market countries are also more likely to impose restrictions on the repatriation of an investor's assets and even where there is no outright restriction on repatriation, the mechanics of repatriations may delay or impede the Fund's ability to obtain possession of its assets. As a result, there may be an increased risk or price volatility associated with the Fund's investments in emerging market countries, which may be magnified by currency fluctuations.

Dividends and interest payable on the Fund's foreign securities may be subject to foreign withholding tax. The Fund may also be subject to foreign taxes on its trading profits. Some countries may also impose a transfer or stamp duty on certain securities transactions. The imposition of these taxes will increase the cost to the Fund of investing in those countries that impose these taxes. To the extent that, as anticipated, such taxes are not offset by credits or deductions available to shareholders in the Fund under U.S. tax law, they will reduce the net return to the Fund's shareholders. It is not anticipated that the Fund will be eligible to pass through to shareholders a federal tax credit or federal tax deduction related to any foreign taxes borne by the Fund.

To the extent the Fund invests in securities denominated in foreign currencies, the Fund will be subject to the risk that a change in the value of any such currency against the U.S. dollar will result in a corresponding change in the U.S. dollar value of the Fund's

assets denominated in that currency. Investing in foreign denominated securities may also result in transaction costs incurred in connection with conversions between various currencies. In addition, only a limited market currently exists for hedging transactions relating to currencies in certain emerging markets and securities transactions undertaken in foreign markets may not be settled promptly, subjecting the Fund to the risk of fluctuating currency exchange rates pending settlement.

**Illiquid Investments.** The Fund may invest up to an aggregate amount of 15% of its net assets in illiquid investments, as such term is defined by Rule 22e-4 of the 1940 Act. The Fund may not invest in illiquid investments if, as a result of such investment, more than 15% of the Fund's net assets would be invested in illiquid investments. Illiquid investments include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets. The inability of the Fund to dispose of illiquid investments readily or at a reasonable price could impair the Fund's ability to raise cash for redemptions or other purposes. The liquidity of securities purchased by the Fund that are eligible for resale pursuant to Rule 144A, except for certain 144A bonds, will be monitored by the Fund on an ongoing basis. In the event that more than 15% of its net assets are invested in illiquid investments, the Fund, in accordance with Rule 22e-4(b)(1)(iv), will report the occurrence to both the Board and the SEC and seek to reduce its holdings of illiquid investments within a reasonable period of time.

**Money Market Instruments.** The Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which the Fund may invest include: (i) short-term obligations issued by the U.S. Government; (ii) negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions; (iii) commercial paper rated at the date of purchase "Prime-1" by Moody's or "A-1+" or "A-1" by Standard & Poor's ("S&P") or, if unrated, of comparable quality as determined by the Fund; and (iv) repurchase agreements. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

**Other Investment Companies.** The Fund may invest in the securities of other investment companies, including money market funds and ETFs, subject to applicable limitations under Section 12(d)(1) of the 1940 Act and Rule 12d1-4 under the 1940 Act. Investing in another pooled vehicle exposes the Fund to all the risks of that pooled vehicle. Pursuant to Section 12(d)(1), the Fund may invest in the securities of another investment company (the "acquired company") provided that the Fund, immediately after such purchase or acquisition, does not own in the aggregate: (i) more than 3% of the total outstanding voting stock of the acquired company; (ii) securities issued by the acquired company having an aggregate value in excess of 5% of the value of the total assets of the Fund; or (iii) securities issued by the acquired company and all other investment companies (other than treasury stock of the Fund) having an aggregate value in excess of 10% of the value of the total assets of the Fund. To the extent allowed by law or regulation, the Fund may invest its assets in securities of investment companies that are money market funds in excess of the limits discussed above.

If the Fund invests in and, thus, is a shareholder of, another investment company, the Fund's shareholders will indirectly bear the Fund's proportionate share of the fees and expenses paid by such other investment company, including advisory fees, in addition to both the management fees payable directly by the Fund to the Fund's own investment adviser and the other expenses that the Fund bears directly in connection with the Fund's own operations.

Section 12(d)(1) of the 1940 Act restricts investments by registered investment companies in securities of other registered investment companies, including the Fund. The acquisition of Shares by registered investment companies is subject to the restrictions of Section 12(d)(1) of the 1940 Act, except as may be permitted by exemptive rules under the 1940 Act or as may be permitted by an exemptive order that permits registered investment companies to invest in the Fund beyond the limits of Section 12(d)(1), subject to certain terms and conditions, including that the registered investment company enter into an agreement with the Fund regarding the terms of the investment.

The Fund may rely on Section 12(d)(1)(F) and Rule 12d1-3 of the 1940 Act, which provide an exemption from Section 12(d)(1) that allows the Fund to invest all of its assets in other registered funds, including ETFs, if, among other conditions: (a) the Fund, together with its affiliates, acquires no more than 3% of the outstanding voting stock of any acquired fund, and (b) the sales load charged on Shares is no greater than the limits set forth in Rule 2341 of the Conduct Rules of the Financial Industry Regulatory Authority, Inc. ("FINRA"). Additionally, the Fund may rely on exemptive relief issued by the SEC to other registered funds, including ETFs, or on Rule 12d1-4 under the 1940 Act to invest in such other funds in excess of the limits of Section 12(d)(1) if the Fund complies with the terms and conditions of such exemptive relief or rule.

To the extent the Fund invests in underlying funds that are index-based, these underlying funds will generally attempt to replicate the performance of a particular index. An underlying fund may not always hold all of the same securities as the index it attempts to track. An underlying fund may use statistical sampling techniques to attempt to replicate the returns of an index. Statistical sampling techniques attempt to match the investment characteristics of the index and the fund by taking into account such factors as capitalization, industry exposures, dividend yield, price/earnings (P/E) ratio, price/book (P/B) ratio, and earnings growth. An underlying fund may not track the index perfectly because differences between the index and the fund's portfolio can cause

differences in performance. In addition, expenses and transaction costs, the size and frequency of cash flow into and out of the underlying fund, and differences between how and when the underlying fund and the index are valued can cause differences in performance.

Investments in ETFs involve certain inherent risks generally associated with investments in a broadly-based portfolio of stocks, including the following risks: (1) the general level of stock prices may decline, thereby adversely affecting the value of each unit of the ETF or other instrument; (2) an ETF, to the extent such ETF is index-based, may not fully replicate the performance of its benchmark index because of the temporary unavailability of certain index securities in the secondary market or discrepancies between the ETF and the index with respect to the weightings of securities or number of stocks held; (3) an ETF may also be adversely affected by the performance of the specific index, market sector or group of industries on which it is based; and (4) an ETF, to the extent such ETF is index-based, may not track an index as well as a traditional index mutual fund because ETFs are valued by the market and, therefore, there may be a difference between the market value and the ETF's NAV. Additionally, investments in fixed income ETFs involve certain inherent risks generally associated with investments in fixed income securities, including the risk of fluctuation in market value based on interest rates rising or declining and risks of a decrease in liquidity, such that no assurances can be made that an active trading market for underlying ETFs will be maintained.

There is also a risk that the underlying funds or ETFs may terminate due to extraordinary events. For example, any of the service providers to the underlying fund or ETF, such as the trustee or sponsor, may close or otherwise fail to perform their obligations to the underlying fund or ETF, and the underlying fund or ETF may not be able to find a substitute service provider. Also, the underlying fund or ETF may be dependent upon licenses to use the various indices as a basis for determining their compositions and/or otherwise to use certain trade names. If these licenses are terminated, the respective underlying fund or ETF may also terminate. In addition, an underlying fund or ETF may terminate if its net assets fall below a certain amount.

**Other Short-Term Instruments.** In addition to repurchase agreements, the Fund may invest in short-term instruments, including money market instruments, on an ongoing basis to provide liquidity or for other reasons. Money market instruments are generally short-term investments that may include but are not limited to: (i) shares of money market funds; (ii) obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities (including government-sponsored enterprises); (iii) negotiable certificates of deposit ("CDs"), bankers' acceptances, fixed time deposits and other obligations of U.S. and foreign banks (including foreign branches) and similar institutions; (iv) commercial paper rated at the date of purchase "Prime-1" by Moody's or "A-1" by S&P or, if unrated, of comparable quality as determined by the Sub-Adviser; (v) non-convertible corporate debt securities (e.g., bonds and debentures) with remaining maturities at the date of purchase of not more than 397 days and that satisfy the rating requirements set forth in Rule 2a-7 under the 1940 Act; and (vi) short-term U.S. dollar-denominated obligations of foreign banks (including U.S. branches) that, in the opinion of the Sub-Adviser, are of comparable quality to obligations of U.S. banks which may be purchased by the Fund. Any of these instruments may be purchased on a current or a forward-settled basis. Money market instruments also include shares of money market funds. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Bankers' acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

**Repurchase Agreements.** The Fund may invest in repurchase agreements with commercial banks, brokers or dealers to generate income from its excess cash balances and to invest securities lending cash collateral. A repurchase agreement is an agreement under which the Fund acquires a financial instrument (e.g., a security issued by the U.S. government or an agency thereof, a banker's acceptance or a certificate of deposit) from a seller, subject to resale to the seller at an agreed upon price and date (normally, the next Business Day). A repurchase agreement may be considered a loan collateralized by securities. The resale price reflects an agreed upon interest rate effective for the period the instrument is held by the Fund and is unrelated to the interest rate on the underlying instrument.

In these repurchase agreement transactions, the securities acquired by the Fund (including accrued interest earned thereon) must have a total value in excess of the value of the repurchase agreement and are held by the Custodian until repurchased. No more than an aggregate of 15% of the Fund's net assets will be invested in illiquid investments, including repurchase agreements having maturities longer than seven days and securities subject to legal or contractual restrictions on resale, or for which there are no readily available market quotations.

The use of repurchase agreements involves certain risks. For example, if the other party to the agreement defaults on its obligation to repurchase the underlying security at a time when the value of the security has declined, the Fund may incur a loss upon disposition of the security. If the other party to the agreement becomes insolvent and subject to liquidation or reorganization under the U.S. Bankruptcy Code or other laws, a court may determine that the underlying security is collateral for a loan by the Fund not within the control of the Fund and, therefore, the Fund may not be able to substantiate its interest in the underlying security and may be deemed an unsecured creditor of the other party to the agreement.

**Securities Lending.** The Fund may lend portfolio securities to certain creditworthy borrowers, including the Fund's securities lending agent. The borrowers provide collateral that is maintained in an amount at least equal to the current value of the securities

loaned. The Fund may terminate a loan at any time and obtain the return of the securities loaned. The lending Fund receives the value of any interest or cash or non-cash distributions paid on the loaned securities. Distributions received on loaned securities in lieu of dividend payments (*i.e.*, substitute payments) would not be considered qualified dividend income.

With respect to loans that are collateralized by cash, the borrower will be entitled to receive a fee based on the amount of cash collateral. The Fund is compensated by the difference between the amount earned on the reinvestment of cash collateral and the fee paid to the borrower. In the case of collateral other than cash, the Fund is compensated by a fee paid by the borrower equal to a percentage of the value of the loaned securities. Any cash collateral may be reinvested in certain short-term instruments either directly on behalf of the lending Fund or through one or more private funds, joint accounts, or money market funds.

The Fund may pay a portion of the interest or fees earned from securities lending to a borrower as described above, and to one or more securities lending agents approved by the Board who administer the lending program for the Fund in accordance with guidelines approved by the Board. In such capacity, the lending agent causes the delivery of loaned securities from the Fund to borrowers, arranges for the return of loaned securities to the Fund at the termination of a loan, requests deposit of collateral, monitors the daily value of the loaned securities and collateral, requests that borrowers add to the collateral when required by the loan agreements, and provides recordkeeping and accounting services necessary for the operation of the program.

Securities lending involves exposure to certain risks, including operational risk (*i.e.*, the risk of losses resulting from problems in the settlement and accounting process), “gap” risk (*i.e.*, the risk of a mismatch between the return on cash collateral reinvestments and the fees the Fund has agreed to pay a borrower), and credit, legal, counterparty and market risk. In the event a borrower does not return the Fund’s securities as agreed, the Fund may experience losses if the proceeds received from liquidating the collateral do not at least equal the value of the loaned security at the time the collateral is liquidated plus the transaction costs incurred in purchasing replacement securities. Furthermore, because of the risks of delay in recovery, the Fund may lose the opportunity to sell the securities at a desirable price. The Fund will generally not have the right to vote securities while they are being loaned.

**Tax Risks.** As with any investment, you should consider how your investment in Shares will be taxed. The tax information in the Prospectus and this SAI is provided as general information. You should consult your own tax professional about the tax consequences of an investment in Shares.

Unless your investment in Shares is made through a tax-exempt entity or tax-deferred retirement account, such as an individual retirement account, you need to be aware of the possible tax consequences when the Fund makes distributions or you sell Shares.

**U.S. Government Securities.** The Fund may invest in U.S. government securities. Securities issued or guaranteed by the U.S. government or its agencies or instrumentalities include U.S. Treasury securities, which are backed by the full faith and credit of the U.S. Treasury and which differ only in their interest rates, maturities, and times of issuance. U.S. Treasury bills have initial maturities of one-year or less; U.S. Treasury notes have initial maturities of one to ten years; and U.S. Treasury bonds generally have initial maturities of greater than ten years. Certain U.S. government securities are issued or guaranteed by agencies or instrumentalities of the U.S. government including, but not limited to, obligations of U.S. government agencies or instrumentalities such as the Federal National Mortgage Association (“Fannie Mae”), the Government National Mortgage Association (“Ginnie Mae”), the Small Business Administration, the Federal Farm Credit Administration, the Federal Home Loan Banks, Banks for Cooperatives (including the Central Bank for Cooperatives), the Federal Land Banks, the Federal Intermediate Credit Banks, the Tennessee Valley Authority, the Export-Import Bank of the United States, the Commodity Credit Corporation, the Federal Financing Bank, the Student Loan Marketing Association, the National Credit Union Administration and the Federal Agricultural Mortgage Corporation (“Farmer Mac”).

Some obligations issued or guaranteed by U.S. government agencies and instrumentalities, including, for example, Ginnie Mae pass-through certificates, are supported by the full faith and credit of the U.S. Treasury. Other obligations issued by or guaranteed by federal agencies, such as those securities issued by Fannie Mae, are supported by the discretionary authority of the U.S. government to purchase certain obligations of the federal agency, while other obligations issued by or guaranteed by federal agencies, such as those of the Federal Home Loan Banks, are supported by the right of the issuer to borrow from the U.S. Treasury, while the U.S. government provides financial support to such U.S. government-sponsored federal agencies, no assurance can be given that the U.S. government will always do so, since the U.S. government is not so obligated by law. U.S. Treasury notes and bonds typically pay coupon interest semi-annually and repay the principal at maturity.

## INVESTMENT RESTRICTIONS

The Trust has adopted the following investment restrictions as fundamental policies with respect to the Fund. These restrictions cannot be changed with respect to the Fund without the approval of the holders of a majority of the Fund’s outstanding voting securities. For the purposes of the 1940 Act, a “majority of outstanding shares” means the vote of the lesser of: (1) 67% or more of the voting securities of the Fund present at the meeting if the holders of more than 50% of the Fund’s outstanding voting securities are present or represented by proxy; or (2) more than 50% of the outstanding voting securities of the Fund.

Except with the approval of a majority of the outstanding voting securities, the Fund may not:

1. Concentrate its investments (*i.e.*, hold more than 25% of its total assets) in any industry or group of related industries. For purposes of this limitation, securities of the U.S. government (including its agencies and instrumentalities), registered investment companies, repurchase agreements collateralized by U.S. government securities, and securities of state or municipal governments and their political subdivisions are not considered to be issued by members of any industry.
2. Borrow money or issue senior securities (as defined under the 1940 Act), except to the extent permitted under the 1940 Act.
3. Make loans, except to the extent permitted under the 1940 Act.
4. Purchase or sell real estate unless acquired as a result of ownership of securities or other instruments, except to the extent permitted under the 1940 Act. This shall not prevent the Fund from investing in securities or other instruments backed by real estate, real estate investment trusts or securities of companies engaged in the real estate business.
5. Purchase or sell physical commodities unless acquired as a result of ownership of securities or other instruments, except to the extent permitted under the 1940 Act. This shall not prevent the Fund from purchasing or selling options and futures contracts or from investing in securities or other instruments backed by physical commodities.
6. Underwrite securities issued by other persons, except to the extent permitted under the 1940 Act.

If a percentage limitation is adhered to at the time of investment or contract, a later increase or decrease in percentage resulting from any change in value or total or net assets will not result in a violation of such restriction, except that the percentage limitation with respect to the borrowing of money will be observed continuously.

The Fund is prohibited from investing in derivatives, excluding certain currency and interest rate hedging transactions. This restriction is not fundamental and may be changed by the Fund without a shareholder vote. If the Fund does determine to invest in derivatives in the future, it will comply with Rule 18f-4 under the 1940 Act.

## **EXCHANGE LISTING AND TRADING**

Shares are listed for trading and trade throughout the day on the Exchange.

There can be no assurance that the Fund will continue to meet the requirements of the Exchange necessary to maintain the listing of Shares. The Exchange will consider the suspension of trading in, and will initiate delisting proceedings of, Shares under any of the following circumstances: (i) if any of the requirements set forth in the Exchange rules are not continuously maintained; (ii) if the Exchange files separate proposals under Section 19(b) of the 1940 Act and any of the statements regarding (a) the description of the Fund; (b) limitations on the Fund's portfolio holdings or reference assets; or (c) the applicability of the Exchange listing rules specified in such proposals are not continuously maintained; (iii) if following the initial 12-month period beginning at the commencement of trading of the Fund, there are fewer than 50 beneficial owners of the Shares of the Fund; (iv) if the intraday indicative value is no longer disseminated at least every 15 seconds during the Exchange's regular market session and the interruption to the dissemination persists past the trading day in which it occurred; or (v) such other event shall occur or condition shall exist that, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable. The Exchange will remove Shares from listing and trading upon termination of the Fund.

The Trust reserves the right to adjust the price levels of Shares in the future to help maintain convenient trading ranges for investors. Any adjustments would be accomplished through stock splits or reverse stock splits, which would have no effect on the net assets of the Fund.

To provide additional information regarding the indicative value of Shares, the Exchange or a market data vendor disseminates information every 15 seconds through the facilities of the Consolidated Tape Association or other widely disseminated means, an updated "intraday indicative value" ("IIV") for the Fund as calculated by an information provider or market data vendor. The Trust is not involved in or responsible for any aspect of the calculation or dissemination of the IIVs and makes no representation or warranty as to the accuracy of the IIVs.

## **MANAGEMENT OF THE TRUST**

The overall management of the Trust's business and affairs is invested with its Board. The Board approves all significant agreements between the Trust and persons or companies furnishing services to it, including the agreements with the Adviser, Administrator, Custodian and Transfer Agent, each as defined herein. The day-to-day operations of the Trust are delegated to its officers, subject to the Fund's investment objectives, strategies and policies and to the general supervision of the Board. The Trustees and officers of the Trust, their years of birth and positions with the Trust, terms of office with the Trust and length of time

served, their business addresses and principal occupations during the past five years and other directorships held are set forth in the table below.

**Independent Trustees<sup>(1)</sup>**

Name, Year of Birth and Address	Position Held with the Trust	Term of Office and Length of Time Served*	Principal Occupation During Past Five Years	Number of Portfolios in Fund Complex Overseen by Trustee <sup>(2)</sup>	Other Directorships Held During Past Five Years <sup>(3)</sup>
David G. Mertens (1960) 615 E. Michigan Street Milwaukee, WI 53202	Board Chair	Indefinite term; since October 2023.	Partner and Head of Business Development QSV Equity Investors, LLC (formerly known as Ballast Equity Management, LLC) (a privately-held investment advisory firm) (February 2019 to present); Managing Director and Vice President, Jensen Investment Management, Inc. (a privately-held investment advisory firm) (2002 to 2017).	1	Trustee, Advisors Series Trust (for series not affiliated with the Fund).
	Trustee	Indefinite term; since March 2017.	Retired; formerly Manager, President, CEO, U.S. Bancorp Fund Services, LLC, and its predecessors, (May 1991 to July 2017).	1	Trustee, Advisors Series Trust (for series not affiliated with the Fund).
Joe D. Redwine (1947) 615 E. Michigan Street Milwaukee, WI 53202	Trustee	Indefinite term; since September 2008.	Chief Executive Officer, Government Employees Benefit Association (GEBA) (benefits and wealth management organization) (2004 to 2020); Board Member, Association Business Services Inc. (ABSI) (for-profit subsidiary of the American Society of Association Executives) (2019 to 2020).	1	Trustee, Advisors Series Trust (for series not affiliated with the Fund).
Michele Rackey (1959) 615 E. Michigan Street Milwaukee, WI 53202	Trustee	Indefinite term; since January 2023.			

Name, Year of Birth and Address	Position Held with the Trust	Term of Office and Length of Time Served*	Principal Occupation During Past Five Years	Number of Portfolios in Fund Complex Overseen by Trustee <sup>(2)</sup>	Other Directorships Held During Past Five Years <sup>(3)</sup>
Anne W. Kitzmire (1962) 615 E. Michigan Street Milwaukee, WI 53202	Trustee	Indefinite term; since August 2024.	Principal Owner of AW Kitzmire Consulting (2021-Present); Business Faculty Lead of Lake Forest Graduate School of Management (2021-Present); Head of Multi-Asset and various other positions of Nuveen Investments (1999-2020).	1	Lead Independent Director of Thornburg Income Builder Opportunities Trust (a closed end fund) (2020-Present); Trustee, Finance Commissioner, and Acting Treasurer of Village of Long Grove (municipal government) (2017-Present).
Craig B. Wainscott (1961) 615 E. Michigan Street Milwaukee, WI 53202	Trustee	Indefinite term; since August 2024.	CEO instaCOVER LLC (Specialized insurance/technology company) 2014-2021, and CFO 2021-2023.	1	Independent Trustee of iMGP Funds (14 Funds) (2024-Present); Independent Trustee and Board Chair of Brandes Investment Trust (6 Funds) (2011-2024); Board Member of Paradigm Project (social venture company) (2010-2020).

## Officers

Name, Year of Birth and Address	Position Held with the Trust	Term of Office and Length of Time Served	Principal Occupation During Past Five Years
Jeffrey T. Rauman (1969) 615 E. Michigan Street Milwaukee, WI 53202	President, Chief Executive Officer and Principal Executive Officer	Indefinite term; since December 2018.	Senior Vice President, Compliance and Administration, U.S. Bank Global Fund Services (February 1996 to present).
Kevin J. Hayden (1971) 615 E. Michigan Street Milwaukee, WI 53202	Vice President, Treasurer and Principal Financial Officer	Indefinite term; since January 2023.	Vice President, Compliance and Administration, U.S. Bank Global Fund Services (June 2005 to present).
Richard R. Conner (1982) 615 E. Michigan Street Milwaukee, WI 53202	Assistant Treasurer	Indefinite term; since December 2018.	Assistant Vice President, Compliance and Administration, U.S. Bank Global Fund Services (July 2010 to present).
Joseph R. Kolinsky (1970) 2020 E. Financial Way, Suite 100 Glendora, CA 91741	Vice President, Chief Compliance Officer and AML Officer	Indefinite term; since July 2023.	Vice President, U.S. Bank Global Fund Services (May 2023 to present); Chief Compliance Officer, Chandler Asset Management, Inc. (2020 to 2022); Director, Corporate Compliance, Pacific Life Insurance Company (2018 to 2019).
Elaine E. Richards (1968) 2020 E. Financial Way, Suite 100 Glendora, CA 91741	Vice President and Secretary	Indefinite term; since February 2025.	Senior Vice President, U.S. Bank Global Fund Services (July 2007 to present).

- \* The Trustees have designated a mandatory retirement age of 75, such that each Trustee, serving as such on the date he or she reaches the age of 75, shall submit his or her resignation not later than the last day of the calendar year in which his or her 75th birthday occurs (“Retiring Trustee”). Upon request, the Board may, by vote of a majority of the Trustees eligible to vote on such matter, determine whether or not to extend such Retiring Trustee’s term and on the length of a one-time extension of up to three additional years. At a meeting held December 7-8, 2022, by vote of the majority of the Trustees (not including Mr. Redwine), Mr. Redwine’s term as Trustee was extended for three additional years to expire on December 31, 2025.
- (1) The Trustees of the Trust who are not “interested persons” of the Trust as defined under the 1940 Act (“Independent Trustees”).
- (2) As of October 31, 2024, the Trust was comprised of 33 active portfolios managed by unaffiliated investment advisors. The term “Fund Complex” applies only to the Funds. The Fund does not hold itself out as related to any other series within the Trust for investment purposes, nor does it share the same investment advisor with any other series.
- (3) “Other Directorships Held” includes only directorships of companies required to register or file reports with the SEC under the Securities Exchange Act of 1934, as amended, (that is, “public companies”) or other investment companies registered under the 1940 Act.

## **Additional Information Concerning Our Board of Trustees**

### *The Role of the Board*

The Board provides oversight of the management and operations of the Trust. Like all mutual funds, the day-to-day responsibility for the management and operations of the Trust is the responsibility of various service providers to the Trust, such as the Trust’s investment advisers, distributor, administrator, custodian, and transfer agent, each of whom are discussed in greater detail in this SAI. The Board approves all significant agreements between the Trust and its service providers, including the agreements with the investment advisers, distributor, administrator, custodian and transfer agent. The Board has appointed various senior individuals of certain of these service providers as officers of the Trust, with responsibility to monitor and report to the Board on the Trust’s day-to-day operations. In conducting this oversight, the Board receives regular reports from these officers and service providers regarding the Trust’s operations. The Board has appointed a Chief Compliance Officer (“CCO”) who administers the Trust’s compliance program and regularly reports to the Board as to compliance matters. Some of these reports are provided as part of formal “Board Meetings” which are typically held quarterly, in person, and involve the Board’s review of recent Trust operations. From time to time one or more members of the Board may also meet with Trust officers in less formal settings, between formal “Board Meetings,” to discuss various topics. In all cases, however, the role of the Board and of any individual Trustee is one of oversight and not of management of the day-to-day affairs of the Trust and its oversight role does not make the Board a guarantor of the Trust’s investments, operations or activities.

### *Board Leadership Structure*

The Board has structured itself in a manner that it believes allows it to effectively perform its oversight function. It has established three standing committees, an Audit Committee, a Governance and Nominating Committee and a Qualified Legal Compliance Committee (the “QLCC”), which are discussed in greater detail under “Board Committees,” below. Currently, all of the members of the Board are Independent Trustees, which are Trustees that are not affiliated with the Adviser or its affiliates or any other investment adviser in the Trust or with its principal underwriter. The Independent Trustees have engaged their own independent counsel to advise them on matters relating to their responsibilities in connection with the Trust.

The President, Chief Executive Officer and Principal Executive Officer of the Trust is not a Trustee, but rather is a senior employee of the Administrator who routinely interacts with the unaffiliated investment advisers of the Trust and comprehensively manages the operational aspects of the Funds in the Trust. The Trust has appointed David Mertens, an Independent Trustee, as Board Chair, and he acts as a liaison with the Trust’s service providers, officers, legal counsel, and other Trustees between meetings, helps to set Board meeting agendas, and serves as Chair during executive sessions of the Independent Trustees.

The Board reviews its structure annually. The Trust has determined that it is appropriate to separate the Principal Executive Officer and Board Chair positions because the day-to day responsibilities of the Principal Executive Officer are not consistent with the oversight role of the Trustees and because of the potential conflict of interest that may arise from the Administrator’s duties with the Trust. Given the specific characteristics and circumstances of the Trust as described above, the Trust has determined that the Board’s leadership structure is appropriate.

## *Board Oversight of Risk Management*

As part of its oversight function, the Board receives and reviews various risk management reports and assessments and discusses these matters with appropriate management and other personnel. Because risk management is a broad concept comprised of many elements (such as, for example, investment risk, issuer and counterparty risk, compliance risk, operational risks, business continuity risks, etc.) the oversight of different types of risks is handled in different ways. For example, the Board meets regularly with the CCO to discuss compliance and operational risks and the Audit Committee meets with the Treasurer and the Trust's independent public accounting firm to discuss, among other things, the internal control structure of the Trust's financial reporting function. The full Board receives reports from the Adviser and portfolio managers as to investment risks as well as other risks that may be also discussed in Audit Committee.

## *Information about Each Trustee's Qualification, Experience, Attributes or Skills*

The Board believes that each of the Trustees has the qualifications, experience, attributes and skills ("Trustee Attributes") appropriate to their continued service as Trustees of the Trust in light of the Trust's business and structure. Each of the Trustees has substantial business and professional backgrounds that indicate they have the ability to critically review, evaluate and access information provided to them. Certain of these business and professional experiences are set forth in detail in the table above. In addition, the majority of the Trustees have served on boards for organizations other than the Trust, as well as having served on the Board of the Trust for a number of years. They therefore have substantial board experience and, in their service to the Trust, have gained substantial insight as to the operation of the Trust. The Board annually conducts a 'self-assessment' wherein the effectiveness of the Board and individual Trustees is reviewed.

In addition to the information provided in the table above, below is certain additional information concerning each particular Trustee and certain of their Trustee Attributes. The information provided below, and in the table above, is not all-inclusive. Many Trustee Attributes involve intangible elements, such as intelligence, integrity, work ethic, the ability to work together, the ability to communicate effectively, the ability to exercise judgment, the ability to ask incisive questions, and commitment to shareholder interests. In conducting its annual self-assessment, the Board has determined that the Trustees have the appropriate attributes and experience to continue to serve effectively as Trustees of the Trust.

*David G. Mertens.* Mr. Mertens has substantial mutual fund experience and is experienced with financial, accounting, investment and regulatory matters. He currently serves as Partner and Head of Business Development of QSV Equity Investors, LLC, (formerly known as Ballast Equity Management, LLC), a privately-held investment advisory firm. Mr. Mertens also gained substantial mutual fund experience through his tenure as Managing Director and Vice President of Jensen Investment Management, Inc. ("Jensen") from 2002 to 2017. Prior to Jensen, Mr. Mertens held various roles in sales and marketing management with Berger Financial Group, LLC from 1995 to 2002, ending as Senior Vice President of Institutional Marketing for Berger Financial Group and President of its limited purpose broker-dealer, Berger Distributors.

*Joe D. Redwine.* Mr. Redwine has substantial mutual fund experience and is experienced with financial, accounting, investment and regulatory matters through his experience as President and CEO of U.S. Bancorp Fund Services, LLC, (now known as U.S. Bank Global Fund Services), a full-service provider to mutual funds and alternative investment products. In addition, he has extensive experience consulting with investment advisers regarding the legal structure of mutual funds, distribution channel analysis and actual distribution of those funds. Mr. Redwine serves as an Audit Committee Financial Expert for the Trust.

*Michele Rackey.* Ms. Rackey has substantial experience in mutual funds and investment management through her experience as CEO of Government Employees Benefits Association (GEBA) and also with The ARK Funds. Ms. Rackey is experienced with financial, accounting, investment and regulatory matters and serves as an Audit Committee Financial Expert for the Trust. Ms. Rackey was CEO of GEBA for 17 years and Chief Operating Officer of the ARK Funds for nine years. Ms. Rackey has a BS in Business Administration from the University of Illinois at Chicago and has an MBA from Keller Graduate School of Management in Chicago. Ms. Rackey previously held FINRA series 6, 7 and 63 licenses as well as a Maryland Life and Health License.

*Anne W. Kitzmire.* Ms. Kitzmire has substantial experience in registered funds and investment management through her experience as Head of Multi-Asset/Solutions Marketing, Managing Director of Closed-End Funds, Managing Director of Channel Marketing, and Director of Customer Insights at Nuveen Investments. Ms. Kitzmire serves as Lead Independent Director on the Board of Directors and is a member of the Audit Committee and Nominating and Governance Committee of the Thornburg Income Builder Opportunities Trust (2020-Present). With respect to the Thornburg Income Builder Opportunities Trust, she is considered to be a qualified financial expert. She has also served on several other boards including as a Trustee, Financial Commissioner, and

Acting Treasurer at Village of Long Grove (2017-Present). Ms. Kitzmire has a B.S. in Electrical Engineering from University of Notre Dame and has an MBA in Finance and Marketing from Northwestern University, Kellogg Graduate School of Management. Ms. Kitzmire serves as an Audit Committee Financial Expert for the Trust.

*Craig B. Wainscott.* Mr. Wainscott has substantial global executive and advisory experience, including his current position as a mutual fund trustee at iMGP Funds and early-stage business advisor. He formerly served as an Independent Trustee and Board Chair of Brandes Investment Trust. He also has extensive C-Suite Leadership, including his position as Chief Executive Officer at Russell Investments Canada for five years, leading a diverse collection of businesses such as mutual funds, institutional funds, consulting, and brokerage. He has also served as CEO at instaCOVER LLC and CFO at The Paradigm Project. Mr. Wainscott continues to serve as Board Advisor at Cadenced Biomedical (an early-stage medical device company). He has also served as a board member for The Paradigm Project. Mr. Wainscott is a qualified financial expert, having served as the CFO for two organizations, audit committee member, and is a CFA. Mr. Wainscott serves as an Audit Committee Financial Expert for the Trust.

## **Trust Committees**

The Trust has established the following three standing committees and the membership of each committee to assist in its oversight functions, including its oversight of the risks the Trust faces: the Audit Committee, the QLCC, and the Governance and Nominating Committee. There is no assurance, however, that the Board's committee structure will prevent or mitigate risks in actual practice. The Trust's committee structure is specifically not intended or designed to prevent or mitigate the Fund's investment risks. The Fund is designed for investors that are prepared to accept investment risk, including the possibility that as yet unforeseen risks may emerge in the future.

The Audit Committee is comprised of all of the Independent Trustees. Mr. Redwine is the Chair of the Audit Committee. The Audit Committee will meet at least once per year with respect to the various series of the Trust. The function of the Audit Committee, with respect to each series of the Trust, is to review the scope and results of the audit and any matters bearing on the audit or the Fund's financial statements and to ensure the integrity of the Fund's pricing and financial reporting. The Audit Committee met twice with respect to the Fund during the Fund's fiscal year ended October 31, 2024.

The Audit Committee also serves as the QLCC for the Trust for the purpose of compliance with Rules 205.2(k) and 205.3(c) of the Code of Federal Regulations, regarding alternative reporting procedures for attorneys retained or employed by an issuer who appear and practice before the SEC on behalf of the issuer (the "issuer attorneys"). An issuer attorney who becomes aware of evidence of a material violation by the Trust, or by any officer, director, employee, or agent of the Trust, may report evidence of such material violation to the QLCC as an alternative to the reporting requirements of Rule 205.3(b) (which requires reporting to the chief legal officer and potentially "up the ladder" to other entities). The QLCC did not meet with respect to the Trust during the fiscal year ended October 31, 2024.

The Governance and Nominating Committee is comprised of all, and only of, the Independent Trustees. The Governance and Nominating Committee is responsible for seeking and reviewing candidates for consideration as nominees for Trustees as is considered necessary from time to time and meets only as necessary. The Governance and Nominating Committee will consider nominees recommended by shareholders for vacancies on the Board. Recommendations for consideration by the Governance and Nominating Committee should be sent to the President of the Trust in writing together with the appropriate biographical information concerning each such proposed Nominee, and such recommendation must comply with the notice provisions set forth in the Trust's By-Laws. In general, to comply with such procedures, such nominations, together with all required biographical information, must be delivered to and received by the President of the Trust at the principal executive office of the Trust between 120 and 150 days prior to the shareholder meeting at which any such nominee would be voted on.

The Governance and Nominating Committee meets regularly with respect to the various series of the Trust. The Governance and Nominating Committee is also responsible for, among other things, assisting the Board in its oversight of the Trust's compliance program under Rule 38a-1 under the 1940 Act, reviewing and making recommendations regarding Independent Trustee compensation and the Trustees' annual "self-assessment." Ms. Rackey is the Chair of the Governance and Nominating Committee. The Governance and Nominating Committee met three times with respect to the Trust during the fiscal year ended October 31, 2024.

## **Trustee Ownership of Fund Shares and Other Interests**

The following table shows the amount of shares in the Funds and the amount of shares in other portfolios of the Trust owned by the Trustees as of the calendar year ended December 31, 2024.

Independent Trustees	Dollar Range of Equity Securities in the Fund	Aggregate Dollar Range of Fund Shares in the Trust
	(None, \$1-\$10,000, \$10,001-\$50,000, \$50,001-\$100,000, Over \$100,000)	
David G. Mertens	None	Over \$100,000
Joe D. Redwine	None	Over \$100,000
Michele Rackey	None	\$50,001 - \$100,000
Anne W. Kitzmire <sup>(1)</sup>	None	None
Craig B. Wainscott <sup>(1)</sup>	None	None

<sup>(1)</sup> Ms. Kitzmire and Mr. Wainscott began serving as Independent Trustees effective as of August 27, 2024.

As of December 31, 2024, neither the Independent Trustees nor members of their immediate family, own securities beneficially or of record in the Advisor, the distributor, as defined below, or an affiliate of the Advisor or distributor. Accordingly, neither the Independent Trustees nor members of their immediate family, have direct or indirect interest, the value of which exceeds \$120,000, in the Advisor, the distributor or any of their affiliates. In addition, during the two most recently completed calendar years, neither the Independent Trustees nor members of their immediate families have conducted any transactions (or series of transactions) in which the amount involved exceeds \$120,000 and to which the Advisor, the distributor or any affiliate thereof was a party.

### Compensation

Effective January 1, 2024, the Independent Trustees each receive an annual retainer of \$108,500 per year allocated among each of the various portfolios comprising the Trust, an additional \$6,000 per regularly scheduled Board meeting, and an additional \$500 per special meeting, paid by the Trust or applicable advisors/portfolios, as well as reimbursement for expenses incurred in connection with attendance at Board meetings. Prior to January 1, 2024, the annual retainer was \$102,500. The Trust Chair, Chair of the Audit Committee, and Chair of the Governance and Nominating Committee each receive a separate annual fee of \$10,000, \$5,000, and \$3,000, respectively, provided that the separate fee for the Chair of the Audit Committee will be waived if the same individual serves as both Trust Chair and Audit Committee Chair. The Trust has no pension or retirement plan. No other entity affiliated with the Trust pays any compensation to the Trustees. Set forth below is the compensation received by the Independent Trustees from the Fund for the fiscal year ended October 31, 2024.

	Aggregate Compensation from the Fund	Pension or Retirement Benefits Accrued as Part of Fund Expenses	Estimated Annual Benefits Upon Retirement	Total Compensation from Fund Complex Paid to Trustees <sup>(1)</sup>
David Mertens	\$4,431	None	None	\$4,431
Joe D. Redwine	\$4,282	None	None	\$4,282
Michele Rackey	\$4,222	None	None	\$4,222
Anne W. Kitzmire <sup>(2)</sup>	\$2,277	None	None	\$2,277
Craig B. Wainscott <sup>(2)</sup>	\$2,277	None	None	\$2,277

<sup>(1)</sup> There are currently numerous portfolios comprising the Trust. The term “Fund Complex” applies only to the Fund. For the fiscal year ended October 31, 2024, aggregate Independent Trustees’ fees for the Trust were approximately \$583,787.

<sup>(2)</sup> Prior to their election as Trustees on August 27, 2024, Ms. Kitzmire and Mr. Wainscott served as paid consultants to the Trust between June 1, 2024 and August 26, 2024.

## PRINCIPAL SHAREHOLDERS, CONTROL PERSONS, AND MANAGEMENT OWNERSHIP

A principal shareholder is any person who owns of record or beneficially 5% or more of the outstanding Shares. A control person is a shareholder that owns beneficially or through controlled companies more than 25% of the voting securities of a company or acknowledges the existence of control. Shareholders owning voting securities in excess of 25% may determine the outcome of any matter affecting and voted on by shareholders of the Fund.

As of January 31, 2025, the entities listed below were principal shareholders and/or control persons of the Fund.

Name and Address	% Ownership	Type of Ownership
National Financial Services LLC 200 Liberty Street New York, NY 10281	27.10%	Record
Charles Schwab & Co., Inc. 3000 Schwab Way Westlake, TX 76262-8104	25.05%	Record
Interactive Brokers LLC/Retail Pickwick Plaza Greenwich, CT 06830	15.64%	Record
Morgan Stanley Smith Barney, LLC HARBORSIDE FINANCIAL CENTER PLAZA, 23RD FLOOR JERSEY CITY, NJ 07311	8.40%	Record

*Management Ownership Information.* As of January 31, 2025, the Trustees and officers of the Trust, as a group, beneficially owned less than 1% of the outstanding shares of the Fund.

## CODES OF ETHICS

The Trust, the Adviser, and the Sub-Adviser have each adopted codes of ethics pursuant to Rule 17j-1 of the 1940 Act. These codes of ethics are designed to prevent affiliated persons of the Trust, the Adviser, and the Sub-Adviser from engaging in deceptive, manipulative or fraudulent activities in connection with securities held or to be acquired by the Fund (which may also be held by persons subject to the codes of ethics). Each Code of Ethics permits personnel subject to that Code of Ethics to invest in securities for their personal investment accounts, subject to certain limitations, including limitations related to securities that may be purchased or held by the Fund. The Distributor (as defined below) relies on the principal underwriters' exception under Rule 17j-1(c)(3), specifically where the Distributor is not affiliated with the Trust, the Adviser, or the Sub-Adviser, and no officer, director, or general partner of the Distributor serves as an officer, director, or general partner of the Trust, the Adviser, or the Sub-Adviser.

There can be no assurance that the codes of ethics will be effective in preventing such activities. Each code of ethics may be examined at the office of the SEC in Washington, D.C. or on the Internet at the SEC's website at <http://www.sec.gov>.

## PROXY VOTING POLICIES

The Fund has delegated proxy voting responsibilities to the Adviser, subject to the Board's oversight. In delegating proxy responsibilities, the Board has directed that proxies be voted consistent with the Fund's and its shareholders' best interests and in compliance with all applicable proxy voting rules and regulations. The Adviser has adopted proxy voting policies and guidelines for this purpose ("Proxy Voting Policies"). A copy of the Proxy Voting Policies is set forth in Appendix A to this SAI. The Trust's Chief Compliance Officer is responsible for monitoring the effectiveness of the Proxy Voting Policies. The Proxy Voting Policies have been adopted by the Trust as the policies and procedures that the Adviser will use when voting proxies on behalf of the Fund.

The Proxy Voting Policies address, among other things, material conflicts of interest that may arise between the interests of the Fund and the interests of the Adviser. The Proxy Voting Policies will ensure that all issues brought to shareholders are analyzed in light of the Adviser's fiduciary responsibilities.

Information on how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available (1) without charge, upon request, by calling 1-800-617-0004 and (2) on the SEC's website at [www.sec.gov](http://www.sec.gov).

## INVESTMENT ADVISER AND SUB-ADVISER

### Adviser

VegTech™ LLC, a Delaware limited liability company located at 1842 Purdue Avenue #103, Los Angeles, California 90025, serves as the investment adviser to the Fund. Dr. Sasha Goodman, President, Chief Investment Officer and Chief Compliance Officer and Ms. Elysbeth Alfano, Chief Executive Officer of the Adviser, each own over 25% of the Adviser and are both control persons of the Adviser.

Pursuant to an Investment Advisory Agreement (the “Advisory Agreement”), the Adviser provides investment advice to the Fund and oversees the day-to-day operations of the Fund, subject to the direction and control of the Board and the officers of the Trust. Under the Advisory Agreement, the Adviser is also responsible for arranging transfer agency, custody, fund administration, securities lending, accounting, distribution, and other services necessary for the Fund to operate. The Adviser administers the Fund’s business affairs, provides office facilities and equipment and certain clerical, bookkeeping and administrative services. The Adviser bears the costs of all advisory and non-advisory services required to operate the Fund, in exchange for a single unitary management fee from the Fund. For the services it provides to the Fund, the Fund pays the Adviser a unified management fee, which is calculated daily and paid monthly, at an annual rate based on the Fund’s average daily net assets of 0.75%. The management fees accrued and paid by the Fund for the most recent two fiscal years ended October 31 are shown below:

	2024	2023	2022 <sup>(1)</sup>
Net Management Fees Paid to Adviser	\$42,316	\$38,228	\$25,551

<sup>(1)</sup> The Fund commenced operations on December 28, 2021.

Under the Advisory Agreement, the Adviser has agreed to pay all expenses of the Fund except for: the fee paid to the Adviser pursuant to the Advisory Agreement, interest charges on any borrowings, dividends and other expenses on securities sold short, taxes, brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments, acquired fund fees and expenses, accrued deferred tax liability, extraordinary expenses, and distribution (12b-1) fees and expenses.

The Advisory Agreement continues in effect for successive annual periods, so long as its continuance is approved at least annually (1) by the vote, cast in person at a meeting called for that purpose, of a majority of those Trustees who are not “interested persons” of the Adviser or the Trust; and (2) by the majority vote of either the full Board or the vote of a majority of the outstanding Shares. The Advisory Agreement automatically terminates on assignment and is terminable on a 60-day written notice either by the Trust or the Adviser.

The Adviser shall not be liable to the Trust or any shareholder for anything done or omitted by it, except acts or omissions involving willful misfeasance, bad faith, negligence or reckless disregard of the duties imposed upon it by its agreement with the Trust or for any losses that may be sustained in the purchase, holding or sale of any security.

### Sub-Adviser

The Trust, on behalf of the Fund, and the Adviser have retained Penserra Capital Management LLC, located at 4 Orinda Way, Suite 100-A, Orinda, California 94563, to serve as sub-adviser for the Fund. The Sub-Adviser is a registered investment adviser. The Sub-Adviser is owned and controlled by George Madrigal and Dustin Lewellyn.

Pursuant to a Sub-Advisory Agreement between the Adviser and the Sub-Adviser (the “Sub-Advisory Agreement”), the Sub-Adviser is responsible for trading portfolio securities on behalf of the Fund, including selecting broker-dealers to execute purchase and sale transactions as instructed by the Adviser or in connection with any rebalancing or reconstitution of the Fund’s portfolio, subject to the supervision of the Adviser and the Board. For its services, the Sub-Adviser is paid a fee by the Adviser, which fee is calculated daily and paid monthly based on average daily net assets in aggregate of the Funds, at an annual rate of 0.05% on the first \$100 million, 0.04% on the next \$150 million, 0.03% on the next \$250 million and 0.02% on net assets in excess of \$500 million, subject to an \$18,000 annual fee.

The Sub-Advisory Agreement was approved by the Trustees (including all the Independent Trustees) and the Adviser, as sole shareholder of the Fund, in compliance with the 1940 Act. The Sub-Advisory Agreement is renewable from year to year with respect to the Fund, so long as its continuance is approved at least annually (1) by the vote, cast in person at a meeting called for that purpose, of a majority of those Trustees who are not “interested persons” of the Trust; and (2) by the majority vote of either the full Board or the vote of a majority of the outstanding Shares. The Sub-Advisory Agreement will terminate automatically in the event of its assignment, and is terminable at any time without penalty by the Board or, with respect to a Fund, by a majority of the outstanding Shares of the Fund, on not less than 30 days’ nor more than 60 days’ written notice to the Sub-Adviser, or by the Sub-Adviser on 60 days’ written notice to the Adviser and the Trust. The Sub-Advisory Agreement provides that the Sub-Adviser shall

not be protected against any liability to the Trust or its shareholders by reason of willful misfeasance, bad faith or gross negligence on its part in the performance of its duties or from reckless disregard of its obligations or duties thereunder.

## **PORTFOLIO MANAGERS**

The Fund is managed by Dr. Sasha Goodman, President, Chief Investment Officer and Chief Compliance Officer of the Adviser, Dustin Lewellyn, CFA, Managing Director of the Sub-Adviser, Ernesto Tong, CFA, Managing Director of the Sub-Adviser, and Christine Johanson, CFA, Director of the Sub-Adviser (the “Portfolio Managers”).

### **Share Ownership**

The Fund is required to show the dollar range of each portfolio manager’s “beneficial ownership” of Shares as of the end of the most recently completed fiscal year or a more recent date for a new portfolio manager. Dollar amount ranges disclosed are established by the SEC. “Beneficial ownership” is determined in accordance with Rule 16a-1(a)(2) under the 1934 Act.

*Shares Owned by the Portfolio Managers.* As of October 31, 2024, the portfolio managers beneficially owned shares of the Fund as follows:

<b>Dollar Range of Equity Securities owned in the Fund</b>	
(None, \$1-\$10,000, \$10,001-\$50,000, \$50,001-\$100,000,	
\$100,001 - \$500,000, \$500,001 - \$1,000,000, Over \$1,000,000)	
Portfolio Manager	
Dr. Sasha Goodman	\$100,001 - \$500,000
Dustin Lewellyn, CFA	None
Ernesto Tong, CFA	None
Christine Johanson, CFA	None

### **Other Accounts**

In addition to the Fund, the portfolio managers managed the following other accounts as of October 31, 2024, none of which were subject to a performance-based fee:

Portfolio Manager	Registered Investment Companies		Other Pooled Investment Vehicles		Other Accounts	
	Number of Accounts	Total Assets in Accounts	Number of Accounts	Total Assets in Accounts	Number of Accounts	Total Assets in Accounts
Dr. Sasha Goodman	0	\$0	0	\$0	0	\$0
Dustin Lewellyn, CFA	43	\$10.5 billion	0	\$0	0	\$0
Ernesto Tong, CFA	43	\$10.5 billion	0	\$0	0	\$0
Christine Johanson, CFA	43	\$10.5 billion	0	\$0	0	\$0

### **Compensation**

Dr. Sasha Goodman receives a salary and discretionary bonus and distribution based on the profitability of the Adviser. Mr. Lewellyn’s portfolio management compensation includes a salary and discretionary bonus based on the profitability of the Sub-Adviser. Mr. Tong receives from Penserra a fixed base salary and discretionary bonus, and he is also eligible to participate in a retirement plan. Mr. Tong’s compensation is based on the performance and profitability of Penserra and his individual performance with respect to following a structured investment process. Ms. Johanson receives from Penserra a fixed base salary and discretionary bonus, and is also eligible to participate in a retirement plan. Ms. Johanson’s compensation is based on the performance and profitability of Penserra and her individual performance with respect to following a structured investment process. No compensation is directly related to the performance of the underlying assets.

### **Material Conflicts of Interest**

The portfolio managers’ management of “other accounts” may give rise to potential conflicts of interest in connection with their management of the Fund’s investments, on the one hand, and the investments of the other accounts, on the other. The other accounts may have similar investment objectives or strategies as the Fund. A potential conflict of interest may arise as a result, whereby the portfolio managers could favor one account over another. Another potential conflict could include the portfolio managers’ knowledge about the size, timing, and possible market impact of Fund trades, whereby the portfolio managers could use this information to the advantage of other accounts and to the disadvantage of the Fund. However, the Sub-Adviser has established

policies and procedures to ensure that the purchase and sale of securities among all accounts the Sub-Adviser manages are fairly and equitably allocated.

## THE DISTRIBUTOR

The Trust, the Adviser, and Quasar Distributors, LLC (the “Distributor”), a wholly-owned subsidiary of Foreside Financial Group, LLC (d/b/a ACA Group), are parties to a distribution agreement (“Distribution Agreement”), whereby the Distributor acts as principal underwriter for the Fund and distributes Shares. Shares are continuously offered for sale by the Distributor only in Creation Units. The Distributor will not distribute Shares in amounts less than a Creation Unit and does not maintain a secondary market in Shares. The principal business address of the Distributor is Three Canal Plaza, Suite 100, Portland, Maine 04101.

Under the Distribution Agreement, the Distributor, as agent for the Trust, will review orders for the purchase and redemption of Creation Units, provided that any subscriptions and orders will not be binding on the Trust until accepted by the Trust. The Distributor is a broker-dealer registered under the Securities Exchange Act of 1934 (the “Exchange Act”) and a member of FINRA.

The Distributor may also enter into agreements with securities dealers (“Soliciting Dealers”) who will solicit purchases of Creation Units of Shares. Such Soliciting Dealers may also be Authorized Participants (as discussed in [“Procedures for Purchase of Creation Units”](#) below) or DTC participants (as defined below).

The Distribution Agreement will continue for two years from its effective date and is renewable annually thereafter. The continuance of the Distribution Agreement must be specifically approved at least annually (i) by the vote of the Trustees or by a vote of the shareholders of the Fund and (ii) by the vote of a majority of the Independent Trustees who have no direct or indirect financial interest in the operations of the Distribution Agreement or any related agreement, cast in person at a meeting called for the purpose of voting on such approval. The Distribution Agreement is terminable without penalty by the Trust on 60 days’ written notice when authorized either by majority vote of its outstanding voting Shares or by a vote of a majority of its Board (including a majority of the Independent Trustees), or by the Distributor on 60 days’ written notice, and will automatically terminate in the event of its assignment. The Distribution Agreement provides that in the absence of willful misfeasance, bad faith or gross negligence on the part of the Distributor, or reckless disregard by it of its obligations thereunder, the Distributor shall not be liable for any action or failure to act in accordance with its duties thereunder.

**Intermediary Compensation.** The Adviser, the Sub-Adviser, or their affiliates, out of their own resources and not out of Fund assets (*i.e.*, without additional cost to the Fund or its shareholders), may pay certain broker dealers, banks and other financial intermediaries (“Intermediaries”) for certain activities related to the Fund, including participation in activities that are designed to make Intermediaries more knowledgeable about exchange traded products, including the Fund, or for other activities, such as marketing and educational training or support. These arrangements are not financed by the Fund and, thus, do not result in increased Fund expenses. They are not reflected in the fees and expenses listed in the fees and expenses sections of the Fund’s Prospectus and they do not change the price paid by investors for the purchase of Shares or the amount received by a shareholder as proceeds from the redemption of Shares.

Such compensation may be paid to Intermediaries that provide services to the Fund, including marketing and education support (such as through conferences, webinars and printed communications). The Adviser and Sub-Adviser periodically assess the advisability of continuing to make these payments. Payments to an Intermediary may be significant to the Intermediary, and amounts that Intermediaries pay to your adviser, broker or other investment professional, if any, may also be significant to such adviser, broker or investment professional. Because an Intermediary may make decisions about what investment options it will make available or recommend, and what services to provide in connection with various products, based on payments it receives or is eligible to receive, such payments create conflicts of interest between the Intermediary and its clients. For example, these financial incentives may cause the Intermediary to recommend the Fund over other investments. The same conflict of interest exists with respect to your financial adviser, broker or investment professional if he or she receives similar payments from his or her Intermediary firm.

Intermediary information is current only as of the date of this SAI. Please contact your adviser, broker, or other investment professional for more information regarding any payments his or her Intermediary firm may receive. Any payments made by the Adviser, Sub-Adviser or their affiliates to an Intermediary may create the incentive for an Intermediary to encourage customers to buy Shares.

If you have any additional questions, please call 1-800-617-0004.

**Distribution and Service Plan.** The Trust has adopted a Distribution and Service Plan (the “Plan”) in accordance with the provisions of Rule 12b-1 under the 1940 Act, which regulates circumstances under which an investment company may directly or indirectly bear expenses relating to the distribution of its shares. No payments pursuant to the Plan are expected to be made during the twelve (12) month period from the date of this SAI. Rule 12b-1 fees to be paid by the Fund under the Plan may only be imposed after approval by the Board.

Continuance of the Plan must be approved annually by a majority of the Trustees of the Trust and by a majority of the Trustees who are not interested persons (as defined in the 1940 Act) of the Trust and have no direct or indirect financial interest in the Plan or in any agreements related to the Plan (“Qualified Trustees”). The Plan requires that quarterly written reports of amounts spent under the Plan and the purposes of such expenditures be furnished to and reviewed by the Trustees. The Plan may not be amended to increase materially the amount that may be spent thereunder without approval by a majority of the outstanding Shares. All material amendments of the Plan will require approval by a majority of the Trustees of the Trust and of the Qualified Trustees.

The Plan provides that the Fund pays the Distributor an annual fee of up to a maximum of 0.25% of the average daily net assets of the Shares. Under the Plan, the Distributor may make payments pursuant to written agreements to financial institutions and intermediaries such as banks, savings and loan associations and insurance companies including, without limit, investment counselors, broker-dealers and the Distributor’s affiliates and subsidiaries (collectively, “Agents”) as compensation for services and reimbursement of expenses incurred in connection with distribution assistance. The Plan is characterized as a compensation plan since the distribution fee will be paid to the Distributor without regard to the distribution expenses incurred by the Distributor or the amount of payments made to other financial institutions and intermediaries. The Trust intends to operate the Plan in accordance with its terms and with the FINRA rules concerning sales charges.

Under the Plan, subject to the limitations of applicable law and regulations, the Fund is authorized to compensate the Distributor up to the maximum amount to finance any activity primarily intended to result in the sale of Creation Units of the Fund or for providing or arranging for others to provide shareholder services and for the maintenance of shareholder accounts. Such activities may include, but are not limited to: (i) delivering copies of the Fund’s then current reports, prospectuses, notices, and similar materials, to prospective purchasers of Creation Units; (ii) marketing and promotional services, including advertising; (iii) paying the costs of and compensating others, including Authorized Participants (as discussed in “Procedures for Purchase of Creation Units” below) with whom the Distributor has entered into written Authorized Participant Agreements, for performing shareholder servicing on behalf of the Fund; (iv) compensating certain Authorized Participants for providing assistance in distributing the Creation Units of the Fund, including the travel and communication expenses and salaries and/or commissions of sales personnel in connection with the distribution of the Creation Units of the Fund; (v) payments to financial institutions and intermediaries such as banks, savings and loan associations, insurance companies and investment counselors, broker-dealers, mutual fund supermarkets and the affiliates and subsidiaries of the Trust’s service providers as compensation for services or reimbursement of expenses incurred in connection with distribution assistance; (vi) facilitating communications with beneficial owners of Shares, including the cost of providing (or paying others to provide) services to beneficial owners of Shares, including, but not limited to, assistance in answering inquiries related to shareholder accounts; and (vii) such other services and obligations as are set forth in the Distribution Agreement.

#### **THE ADMINISTRATOR AND TRANSFER AGENT**

U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services, located at 615 East Michigan Street, Milwaukee, Wisconsin 53202, serves as the Fund’s transfer agent and administrator.

Pursuant to a Fund Administration Servicing Agreement and a Fund Accounting Servicing Agreement between the Trust and Fund Services, Fund Services provides the Trust with administrative and management services (other than investment advisory services) and accounting services, including portfolio accounting services, tax accounting services, and furnishing financial reports. In this capacity, Fund Services does not have any responsibility or authority for the management of the Fund, the determination of investment policy, or for any matter pertaining to the distribution of Shares. As compensation for the administration, accounting and management services, the Adviser pays Fund Services a fee based on the Fund’s average daily net assets, subject to a minimum annual fee. Fund Services also is entitled to certain out-of-pocket expenses for the services mentioned above, including pricing expenses.

#### **CUSTODIAN**

Pursuant to a Custody Agreement, U.S. Bank National Association (the “Custodian” or “U.S. Bank”), 1555 North Rivercenter Drive, Suite 302, Milwaukee, Wisconsin 53212, serves as the custodian of the Fund’s assets. The Custodian holds and administers the assets in the Fund’s portfolio. Pursuant to the Custody Agreement, the Custodian receives an annual fee from the Adviser based on the Trust’s total average daily net assets, subject to a minimum annual fee, and certain settlement charges. The Custodian also is entitled to certain out-of-pocket expenses.

#### **INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AND LEGAL COUNSEL**

Tait, Weller & Baker LLP, Two Liberty Place, 50 South 16th Street, Suite 2900, Philadelphia, Pennsylvania 19102, is the independent registered public accounting firm for the Fund, whose services include auditing the Fund’s financial statements and the performance of related tax services.

Sullivan & Worcester LLP (“Sullivan & Worcester”), 1251 Avenue of the Americas, 19th Floor, New York, New York 10020, serves as legal counsel to the Trust and provides counsel on legal matters relating to the Fund. Sullivan & Worcester also serves as independent legal counsel to the Board of Trustees.

## **PORTRFOOL HOLDINGS DISCLOSURE POLICIES AND PROCEDURES**

The Trust’s Board has adopted a policy regarding the disclosure of information about the Fund’s security holdings. The Fund’s entire portfolio holdings are publicly disseminated each day the Fund is open for business through financial reporting and news services, including publicly available internet web sites. In addition, the composition of the Deposit Securities is publicly disseminated daily prior to the opening of the Exchange via the National Securities Clearing Corporation (“NSCC”).

## **DESCRIPTION OF SHARES**

The Declaration of Trust authorizes the issuance of an unlimited number of funds and Shares. Each Share represents an equal proportionate interest in the Fund with each other Share. Shares are entitled upon liquidation to a pro rata share in the net assets of the Fund. Shareholders have no preemptive rights. The Declaration of Trust provides that the Trustees may create additional series or classes of Shares. All consideration received by the Trust for shares of any additional funds and all assets in which such consideration is invested would belong to that fund and would be subject to the liabilities related thereto. Share certificates representing Shares will not be issued. Shares, when issued, are fully paid and non-assessable.

Each Share has one vote with respect to matters upon which a shareholder vote is required, consistent with the requirements of the 1940 Act and the rules promulgated thereunder. Shares of all funds of the Trust vote together as a single class, except that if the matter being voted on affects only a particular fund it will be voted on only by that fund and if a matter affects a particular fund differently from other funds, that fund will vote separately on such matter. As a Delaware statutory trust, the Trust is not required, and does not intend, to hold annual meetings of shareholders. Approval of shareholders will be sought, however, for certain changes in the operation of the Trust and for the election of Trustees under certain circumstances. Upon the written request of shareholders owning at least 10% of the Trust’s shares, the Trust will call for a meeting of shareholders to consider the removal of one or more Trustees and other certain matters. In the event that such a meeting is requested, the Trust will provide appropriate assistance and information to the shareholders requesting the meeting.

Under the Declaration of Trust, the Trustees have the power to liquidate the Fund without shareholder approval. While the Trustees have no present intention of exercising this power, they may do so if the Fund fails to reach a viable size within a reasonable amount of time or for such other reasons as may be determined by the Board.

## **LIMITATION OF TRUSTEES’ LIABILITY**

The Declaration of Trust provides that a Trustee shall be liable only for his or her own willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of the office of Trustee, and shall not be liable for errors of judgment or mistakes of fact or law. The Trustees shall not be responsible or liable in any event for any neglect or wrong-doing of any officer, agent, employee, adviser or principal underwriter of the Trust, nor shall any Trustee be responsible for the act or omission of any other Trustee. The Declaration of Trust also provides that the Trust shall indemnify each person who is, or has been, a Trustee, officer, employee or agent of the Trust, any person who is serving or has served at the Trust’s request as a Trustee, officer, trustee, employee or agent of another organization in which the Trust has any interest as a shareholder, creditor or otherwise to the extent and in the manner provided in the Amended and Restated By-laws. However, nothing in the Declaration of Trust shall protect or indemnify a Trustee against any liability for his or her willful misfeasance, bad faith, gross negligence, or reckless disregard of the duties involved in the conduct of the office of Trustee. Nothing contained in this section attempts to disclaim a Trustee’s individual liability in any manner inconsistent with the federal securities laws.

## **BROKERAGE TRANSACTIONS**

The policy of the Trust regarding purchases and sales of securities for the Fund is that primary consideration will be given to obtaining the most favorable prices and efficient executions of transactions. Consistent with this policy, when securities transactions are effected on a stock exchange, the Trust’s policy is to pay commissions which are considered fair and reasonable without necessarily determining that the lowest possible commissions are paid in all circumstances. The Trust believes that a requirement always to seek the lowest possible commission cost could impede effective portfolio management and preclude the Fund and the Sub-Adviser from obtaining a high quality of brokerage and research services. In seeking to determine the reasonableness of brokerage commissions paid in any transaction, the Sub-Adviser will rely upon its experience and knowledge regarding commissions generally charged by various brokers and on its judgment in evaluating the brokerage services received from the broker effecting the transaction. Such determinations are necessarily subjective and imprecise, as in most cases, an exact dollar value for those services is not ascertainable. The Trust has adopted policies and procedures that prohibit the consideration of sales of Shares as a factor in the selection of a broker or dealer to execute its portfolio transactions.

The Sub-Adviser owes a fiduciary duty to its clients to seek to provide best execution on trades effected. In selecting a broker/dealer for each specific transaction, the Sub-Adviser chooses the broker/dealer deemed most capable of providing the services necessary to obtain the most favorable execution. “Best execution” is generally understood to mean the most favorable cost or net proceeds reasonably obtainable under the circumstances. The full range of brokerage services applicable to a particular transaction may be considered when making this judgment, which may include, but is not limited to: liquidity, price, commission, timing, aggregated trades, capable floor brokers or traders, competent block trading coverage, ability to position, capital strength and stability, reliable and accurate communications and settlement processing, use of automation, knowledge of other buyers or sellers, arbitrage skills, administrative ability, underwriting and provision of information on a particular security or market in which the transaction is to occur. The specific criteria will vary depending upon the nature of the transaction, the market in which it is executed, and the extent to which it is possible to select from among multiple broker/dealers. The Sub-Adviser will also use electronic crossing networks (“ECNs”) when appropriate.

Subject to the foregoing policies, brokers or dealers selected to execute the Fund’s portfolio transactions may include the Fund’s Authorized Participants (as discussed in “Procedures for Purchase of Creation Units” below) or their affiliates. An Authorized Participant or its affiliates may be selected to execute the Fund’s portfolio transactions in conjunction with an all-cash creation unit order or an order including “cash-in-lieu” (as described below under “Purchase and Redemption of Shares in Creation Units”), so long as such selection is in keeping with the foregoing policies. As described below under “Purchase and Redemption of Shares in Creation Units—Creation Transaction Fee” and “—Redemption Transaction Fee”, the Fund may determine to not charge a variable fee on certain orders when the Adviser has determined that doing so is in the best interests of Fund shareholders, *e.g.*, for creation orders that facilitate the rebalance of the Fund’s portfolio in a more tax efficient manner than could be achieved without such order, even if the decision to not charge a variable fee could be viewed as benefiting the Authorized Participant or its affiliate selected to execute the Fund’s portfolio transactions in connection with such orders.

The Sub-Adviser may use the Fund’s assets for, or participate in, third-party soft dollar arrangements, in addition to receiving proprietary research from various full service brokers, the cost of which is bundled with the cost of the broker’s execution services. The Sub-Adviser does not “pay up” for the value of any such proprietary research. Section 28(e) of the 1934 Act permits the Sub-Adviser, under certain circumstances, to cause the Fund to pay a broker or dealer a commission for effecting a transaction in excess of the amount of commission another broker or dealer would have charged for effecting the transaction in recognition of the value of brokerage and research services provided by the broker or dealer. The Sub-Adviser may receive a variety of research services and information on many topics, which it can use in connection with its management responsibilities with respect to the various accounts over which it exercises investment discretion or otherwise provides investment advice. The research services may include qualifying order management systems, portfolio attribution and monitoring services and computer software and access charges which are directly related to investment research. Accordingly, the Fund may pay a broker commission higher than the lowest available in recognition of the broker’s provision of such services to the Sub-Adviser, but only if the Sub-Adviser determines the total commission (including the soft dollar benefit) is comparable to the best commission rate that could be expected to be received from other brokers. The amount of soft dollar benefits received depends on the amount of brokerage transactions effected with the brokers. A conflict of interest exists because there is an incentive to: 1) cause clients to pay a higher commission than the firm might otherwise be able to negotiate; 2) cause clients to engage in more securities transactions than would otherwise be optimal; and 3) only recommend brokers that provide soft dollar benefits. The Fund does not currently pay soft dollars.

The Sub-Adviser faces a potential conflict of interest when it uses client trades to obtain brokerage or research services. This conflict exists because the Sub-Adviser is able to use the brokerage or research services to manage client accounts without paying cash for such services, which reduces the Sub-Adviser’s expenses to the extent that the Sub-Adviser would have purchased such products had they not been provided by brokers. Section 28(e) permits the Sub-Adviser to use brokerage or research services for the benefit of any account it manages. Certain accounts managed by the Sub-Adviser may generate soft dollars used to purchase brokerage or research services that ultimately benefit other accounts managed by the Sub-Adviser, effectively cross subsidizing the other accounts managed by the Sub-Adviser that benefit directly from the product. The Sub-Adviser may not necessarily use all of the brokerage or research services in connection with managing the Fund whose trades generated the soft dollars used to purchase such products.

The Sub-Adviser is responsible, subject to oversight by the Adviser and the Board, for placing orders on behalf of the Fund for the purchase or sale of portfolio securities. If purchases or sales of portfolio securities of the Fund and one or more other investment companies or clients supervised by the Sub-Adviser are considered at or about the same time, transactions in such securities are allocated among the several investment companies and clients in a manner deemed equitable and consistent with its fiduciary obligations to all by the Sub-Adviser. In some cases, this procedure could have a detrimental effect on the price or volume of the security so far as the Fund is concerned. However, in other cases, it is possible that the ability to participate in volume transactions and to negotiate lower brokerage commissions will be beneficial to the Fund. The primary consideration is prompt execution of orders at the most favorable net price.

The Fund may deal with affiliates in principal transactions to the extent permitted by exemptive order or applicable rule or regulation.

The Fund paid the following in brokerage commissions for the fiscal years ended October 31:

	2024	2023	2022
<b>Brokerage Fees Paid</b>	\$10,121	\$19,668	\$22,837

**Brokerage with Fund Affiliates.** The Fund may execute brokerage or other agency transactions through registered broker-dealer affiliates of the Fund, the Adviser, the Sub-Adviser, or the Distributor for a commission in conformity with the 1940 Act, the 1934 Act and rules promulgated by the SEC. These rules require that commissions paid to the affiliate by the Fund for exchange transactions not exceed “usual and customary” brokerage commissions. The rules define “usual and customary” commissions to include amounts which are “reasonable and fair compared to the commission, fee or other remuneration received or to be received by other brokers in connection with comparable transactions involving similar securities being purchased or sold on a securities exchange during a comparable period of time.” The Trustees, including those who are not “interested persons” of the Fund, have adopted procedures for evaluating the reasonableness of commissions paid to affiliates and review these procedures periodically.

**Securities of “Regular Broker-Dealers.”** The Fund is required to identify any securities of its “regular brokers and dealers” (as such term is defined in the 1940 Act) that it may hold at the close of its most recent fiscal year. “Regular brokers or dealers” of the Fund are the ten brokers or dealers that, during the most recent fiscal year: (i) received the greatest dollar amounts of brokerage commissions from the Fund’s portfolio transactions; (ii) engaged as principal in the largest dollar amounts of portfolio transactions of the Fund; or (iii) sold the largest dollar amounts of Shares. For the period ended October 31, 2023, the Fund did not own any securities of its regular broker-dealers.

## PORTFOLIO TURNOVER RATE

Portfolio turnover may vary from year to year, as well as within a year. High turnover rates are likely to result in comparatively greater brokerage expenses. The overall reasonableness of brokerage commissions is evaluated by the Sub-Adviser based upon its knowledge of available information as to the general level of commissions paid by other institutional investors for comparable services.

The following table provides the Fund’s portfolio turnover rate for the past two fiscal years ended October 31.

	2024	2023
Portfolio Turnover Rate	117.99%	229.75%

## BOOK ENTRY ONLY SYSTEM

The Depository Trust Company (“DTC”) acts as securities depositary for Shares. Shares are represented by securities registered in the name of DTC or its nominee, Cede & Co., and deposited with, or on behalf of, DTC. Except in limited circumstances set forth below, certificates will not be issued for Shares.

DTC is a limited-purpose trust company that was created to hold securities of its participants (the “DTC Participants”) and to facilitate the clearance and settlement of securities transactions among the DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of securities certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. More specifically, DTC is owned by a number of its DTC Participants and by the New York Stock Exchange (“NYSE”) and FINRA. Access to the DTC system is also available to others such as banks, brokers, dealers, and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the “Indirect Participants”).

Beneficial ownership of Shares is limited to DTC Participants, Indirect Participants, and persons holding interests through DTC Participants and Indirect Participants. Ownership of beneficial interests in Shares (owners of such beneficial interests are referred to in this SAI as “Beneficial Owners”) is shown on, and the transfer of ownership is effected only through, records maintained by DTC (with respect to DTC Participants) and on the records of DTC Participants (with respect to Indirect Participants and Beneficial Owners that are not DTC Participants). Beneficial Owners will receive from or through the DTC Participant a written confirmation relating to their purchase of Shares. The Trust recognizes DTC or its nominee as the record owner of all Shares for all purposes. Beneficial Owners of Shares are not entitled to have Shares registered in their names, and will not receive or be entitled to physical delivery of Share certificates. Each Beneficial Owner must rely on the procedures of DTC and any DTC Participant and/or Indirect Participant through which such Beneficial Owner holds its interests, to exercise any rights of a holder of Shares.

Conveyance of all notices, statements, and other communications to Beneficial Owners is effected as follows. DTC will make available to the Trust upon request and for a fee a listing of Shares held by each DTC Participant. The Trust shall obtain from each such DTC Participant the number of Beneficial Owners holding Shares, directly or indirectly, through such DTC Participant. The Trust shall provide each such DTC Participant with copies of such notice, statement, or other communication, in such form, number and at such place as such DTC Participant may reasonably request, in order that such notice, statement or communication may be transmitted by such DTC Participant, directly or indirectly, to such Beneficial Owners. In addition, the Trust shall pay to each such DTC Participant a fair and reasonable amount as reimbursement for the expenses attendant to such transmittal, all subject to applicable statutory and regulatory requirements.

Share distributions shall be made to DTC or its nominee, Cede & Co., as the registered holder of all Shares. DTC or its nominee, upon receipt of any such distributions, shall credit immediately DTC Participants' accounts with payments in amounts proportionate to their respective beneficial interests in the Fund as shown on the records of DTC or its nominee. Payments by DTC Participants to Indirect Participants and Beneficial Owners of Shares held through such DTC Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in a "street name," and will be the responsibility of such DTC Participants.

The Trust has no responsibility or liability for any aspect of the records relating to or notices to Beneficial Owners, or payments made on account of beneficial ownership interests in Shares, or for maintaining, supervising, or reviewing any records relating to such beneficial ownership interests, or for any other aspect of the relationship between DTC and the DTC Participants or the relationship between such DTC Participants and the Indirect Participants and Beneficial Owners owning through such DTC Participants.

DTC may determine to discontinue providing its service with respect to the Fund at any time by giving reasonable notice to the Fund and discharging its responsibilities with respect thereto under applicable law. Under such circumstances, the Fund shall take action either to find a replacement for DTC to perform its functions at a comparable cost or, if such replacement is unavailable, to issue and deliver printed certificates representing ownership of Shares, unless the Trust makes other arrangements with respect thereto satisfactory to the Exchange.

#### **PURCHASE AND REDEMPTION OF SHARES IN CREATION UNITS**

The Trust issues and redeems Shares only in Creation Units on a continuous basis through the Transfer Agent, without a sales load (but subject to transaction fees, if applicable), at their NAV per share next determined after receipt of an order, on any Business Day, in proper form pursuant to the terms of the Authorized Participant Agreement ("Participant Agreement"). The NAV of Shares is calculated each business day as of the scheduled close of regular trading on the NYSE, generally 4:00 p.m., Eastern time. The Fund will not issue fractional Creation Units. A "Business Day" is any day on which the NYSE is open for business.

**Fund Deposit.** The consideration for purchase of a Creation Unit of the Fund generally consists of the in-kind deposit of a designated portfolio of securities (the "Deposit Securities") per each Creation Unit and the Cash Component (defined below), computed as described below. Notwithstanding the foregoing, the Trust reserves the right to permit or require the substitution of a "cash in lieu" amount ("Deposit Cash") to be added to the Cash Component to replace any Deposit Security. When accepting purchases of Creation Units for all or a portion of Deposit Cash, the Fund may incur additional costs associated with the acquisition of Deposit Securities that would otherwise be provided by an in-kind purchaser.

Together, the Deposit Securities or Deposit Cash, as applicable, and the Cash Component constitute the "Fund Deposit," which represents the minimum initial and subsequent investment amount for a Creation Unit of the Fund. The "Cash Component" is an amount equal to the difference between the NAV of Shares (per Creation Unit) and the value of the Deposit Securities or Deposit Cash, as applicable. If the Cash Component is a positive number (*i.e.*, the NAV per Creation Unit exceeds the value of the Deposit Securities or Deposit Cash, as applicable), the Cash Component shall be such positive amount. If the Cash Component is a negative number (*i.e.*, the NAV per Creation Unit is less than the value of the Deposit Securities or Deposit Cash, as applicable), the Cash Component shall be such negative amount and the creator will be entitled to receive cash in an amount equal to the Cash Component. The Cash Component serves the function of compensating for any differences between the NAV per Creation Unit and the value of the Deposit Securities or Deposit Cash, as applicable. Computation of the Cash Component excludes any stamp duty or other similar fees and expenses payable upon transfer of beneficial ownership of the Deposit Securities, if applicable, which shall be the sole responsibility of the Authorized Participant (as defined below).

The Fund, through NSCC, makes available on each Business Day, prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern time), the list of the names and the required number of shares of each Deposit Security or the required amount of Deposit Cash, as applicable, to be included in the current Fund Deposit (based on information at the end of the previous Business Day) for the Fund. Such Fund Deposit is subject to any applicable adjustments as described below, to effect purchases of Creation Units of the Fund until such time as the next-announced composition of the Deposit Securities or the required amount of Deposit Cash, as applicable, is made available.

The identity and number of Shares of the Deposit Securities or the amount of Deposit Cash, as applicable, required for a Fund Deposit for the Fund changes as rebalancing adjustments and corporate action events are reflected from time to time by the Adviser with a view to the investment objective of the Fund. The composition of the Deposit Securities may also change in response to adjustments to the weighting or composition of the component securities of the Fund's portfolio.

The Trust reserves the right to permit or require the substitution of Deposit Cash to replace any Deposit Security, which shall be added to the Cash Component, including, without limitation, in situations where the Deposit Security: (i) may not be available in sufficient quantity for delivery; (ii) may not be eligible for transfer through the systems of DTC for corporate securities and municipal securities; (iii) may not be eligible for trading by an Authorized Participant (as defined below) or the investor for which it is acting; (iv) would be restricted under the securities laws or where the delivery of the Deposit Security to the Authorized Participant would result in the disposition of the Deposit Security by the Authorized Participant becoming restricted under the securities laws; or (v) in certain other situations (collectively, "custom orders"). The Trust also reserves the right to include or remove Deposit Securities from the basket in anticipation of portfolio rebalancing changes. The adjustments described above will reflect changes known to the Adviser on the date of announcement to be in effect by the time of delivery of the Fund Deposit.

**Procedures for Purchase of Creation Units.** To be eligible to place orders with the Transfer Agent to purchase a Creation Unit of the Fund, an entity must be (i) a "Participating Party" (*i.e.*, a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the NSCC (the "Clearing Process")), a clearing agency that is registered with the SEC; or (ii) a DTC Participant (see "Book Entry Only System"). In addition, each Participating Party or DTC Participant (each, an "Authorized Participant") must execute a Participant Agreement that has been agreed to by the Distributor, and that has been accepted by the Transfer Agent, with respect to purchases and redemptions of Creation Units. Each Authorized Participant will agree, pursuant to the terms of a Participant Agreement, on behalf of itself or any investor on whose behalf it will act, to certain conditions, including that it will pay to the Trust, an amount of cash sufficient to pay the Cash Component together with the creation transaction fee (described below), if applicable, and any other applicable fees and taxes.

All orders to purchase Shares directly from the Fund must be placed for one or more Creation Units and in the manner and by the time set forth in the Participant Agreement and/or applicable order form. The order cut-off time for the Fund for orders to purchase Creation Units is expected to be 4:00 p.m. Eastern Time, which time may be modified by a Fund from time-to-time by amendment to the Participant Agreement and/or applicable order form. The date on which an order to purchase Creation Units (or an order to redeem Creation Units, as set forth below) is received and accepted is referred to as the "Order Placement Date."

An Authorized Participant may require an investor to make certain representations or enter into agreements with respect to the order (*e.g.*, to provide for payments of cash, when required). Investors should be aware that their particular broker may not have executed a Participant Agreement and that, therefore, orders to purchase Shares directly from the Fund in Creation Units have to be placed by the investor's broker through an Authorized Participant that has executed a Participant Agreement. In such cases there may be additional charges to such investor. At any given time, there may be only a limited number of broker-dealers that have executed a Participant Agreement and only a small number of such Authorized Participants may have international capabilities.

On days when the Exchange closes earlier than normal, the Fund may require orders to create Creation Units to be placed earlier in the day. In addition, if a market or markets on which the Fund's investments are primarily traded is closed, the Fund will also generally not accept orders on such day(s). Orders must be transmitted by an Authorized Participant by telephone or other transmission method acceptable to the Transfer Agent pursuant to procedures set forth in the Participant Agreement and in accordance with the applicable order form. On behalf of the Fund, the Transfer Agent will notify the Custodian of such order. The Custodian will then provide such information to the appropriate local sub-custodian(s). Those placing orders through an Authorized Participant should allow sufficient time to permit proper submission of the purchase order to the Transfer Agent by the cut-off time on such Business Day. Economic or market disruptions or changes, or telephone or other communication failure may impede the ability to reach the Transfer Agent or an Authorized Participant.

Fund Deposits must be delivered by an Authorized Participant through the Federal Reserve System (for cash) or through DTC (for corporate securities), through a subcustody agent (for foreign securities), and/or through such other arrangements allowed by the Trust or its agents. With respect to foreign Deposit Securities, the Custodian shall cause the subcustodian of the Fund to maintain an account into which the Authorized Participant shall deliver, on behalf of itself or the party on whose behalf it is acting, such Deposit Securities (or Deposit Cash for all or a part of such securities, as permitted or required), with any appropriate adjustments as advised by the Trust. Foreign Deposit Securities must be delivered to an account maintained at the applicable local subcustodian. The Fund Deposit transfer must be ordered by the Authorized Participant in a timely fashion so as to ensure the delivery of the requisite number of Deposit Securities or Deposit Cash, as applicable, to the account of the Fund or its agents by no later than 12:00 p.m. Eastern time (or such other time as specified by the Trust) on the Settlement Date. If the Fund or its agents do not receive all of the Deposit Securities, or the required Deposit Cash in lieu thereof, by such time, then the order may be deemed rejected and the Authorized Participant shall be liable to the Fund for losses, if any, resulting therefrom. The "Settlement Date" for the Fund is generally the first Business Day after the Order Placement Date except as further discussed below. All questions as to

the number of Deposit Securities or Deposit Cash to be delivered, as applicable, and the validity, form and eligibility (including time of receipt) for the deposit of any tendered securities or cash, as applicable, will be determined by the Trust, whose determination shall be final and binding. The amount of cash represented by the Cash Component must be transferred directly to the Custodian through the Federal Reserve Bank wire transfer system in a timely manner so as to be received by the Custodian no later than the Settlement Date. If the Cash Component and the Deposit Securities or Deposit Cash, as applicable, are not received by the Custodian in a timely manner by the Settlement Date, the creation order may be cancelled. Upon written notice to the Transfer Agent, such canceled order may be resubmitted the following Business Day using a Fund Deposit as newly constituted to reflect the then current NAV of the Fund.

The order shall be deemed to be received on the Business Day on which the order is placed provided that the order is placed in proper form prior to the applicable cut-off time and the federal funds in the appropriate amount are deposited with the Custodian on the Settlement Date. If the order is not placed in proper form as required, or federal funds in the appropriate amount are not received on the Settlement Date, then the order may be deemed to be rejected and the Authorized Participant shall be liable to the Fund for losses, if any, resulting therefrom. A creation request is considered to be in "proper form" if all procedures set forth in the Participant Agreement, order form and this SAI are properly followed.

**Issuance of a Creation Unit.** Except as provided in this SAI, Creation Units will not be issued until the transfer of good title to the Trust of the Deposit Securities or payment of Deposit Cash, as applicable, and the payment of the Cash Component have been completed. When the subcustodian has confirmed to the Custodian that the required Deposit Securities (or the cash value thereof) have been delivered to the account of the relevant subcustodian or subcustodians, the Transfer Agent and the Adviser shall be notified of such delivery, and the Trust will issue and cause the delivery of the Creation Units. The typical settlement date for each transaction will be within one day of the transaction (commonly referred to as "T+1"), unless the Fund and Authorized Participant agree to a different timeline for settlement or the transaction is exempt from the requirements of Rule 15c6-1 under the 1934 Act. Due to the schedule of holidays in certain countries, however, the delivery of Shares may take longer than one Business Day following the day on which the purchase order is received. In such cases, the local market settlement procedures will not commence until the end of local holiday periods. The Authorized Participant shall be liable to the Fund for losses, if any, resulting from unsettled orders.

Creation Units may be purchased in advance of receipt by the Trust of all or a portion of the applicable Deposit Securities as described below. In these circumstances, the initial deposit will have a value greater than the NAV of Shares on the date the order is placed in proper form since, in addition to available Deposit Securities, cash must be deposited in an amount equal to the sum of (i) the Cash Component, plus (ii) an additional amount of cash equal to a percentage of the value as set forth in the Participant Agreement, of the undelivered Deposit Securities (the "Additional Cash Deposit"), which shall be maintained in a separate non-interest bearing collateral account. The Authorized Participant must deposit with the Custodian the Additional Cash Deposit, as applicable, by 12:00 p.m., Eastern time (or such other time as specified by the Trust) on the Settlement Date. If the Fund or its agents do not receive the Additional Cash Deposit in the appropriate amount, by such time, then the order may be deemed rejected and the Authorized Participant shall be liable to the Fund for losses, if any, resulting therefrom. An additional amount of cash shall be required to be deposited with the Trust, pending delivery of the missing Deposit Securities to the extent necessary to maintain the Additional Cash Deposit with the Trust in an amount at least equal to the applicable percentage, as set forth in the Participant Agreement, of the daily market value of the missing Deposit Securities. The Participant Agreement will permit the Trust to buy the missing Deposit Securities at any time. Authorized Participants will be liable to the Trust for the costs incurred by the Trust in connection with any such purchases. These costs will be deemed to include the amount by which the actual purchase price of the Deposit Securities exceeds the value of such Deposit Securities on the day the purchase order was deemed received by the Transfer Agent plus the brokerage and related transaction costs associated with such purchases. The Trust will return any unused portion of the Additional Cash Deposit once all of the missing Deposit Securities have been properly received by the Custodian or purchased by the Trust and deposited into the Trust. In addition, a transaction fee, as described below under "Creation Transaction Fee," may be charged. The delivery of Creation Units so created generally will occur no later than the Settlement Date.

**Acceptance of Orders of Creation Units.** The Trust reserves the absolute right to reject an order for Creation Units transmitted to it by the Transfer Agent with respect to the Fund including, without limitation, if (a) the order is not in proper form; (b) the Deposit Securities or Deposit Cash, as applicable, delivered by the Participant are not as disseminated through the facilities of the NSCC for that date by the Custodian; (c) the investor(s), upon obtaining Shares ordered, would own 80% or more of the currently outstanding Shares; (d) acceptance of the Deposit Securities would have certain adverse tax consequences to the Fund; (e) the acceptance of the Fund Deposit would, in the opinion of counsel, be unlawful; (f) the acceptance of the Fund Deposit would otherwise, in the discretion of the Trust or the Adviser, have an adverse effect on the Trust or the rights of beneficial owners; (g) the acceptance or receipt of the order for a Creation Unit would, in the opinion of counsel to the Trust, be unlawful; or (h) in the event that circumstances outside the control of the Trust, the Custodian, the Transfer Agent and/or the Adviser make it for all practical purposes not feasible to process orders for Creation Units.

Examples of such circumstances include acts of God or public service or utility problems such as fires, floods, extreme weather conditions and power outages resulting in telephone, telecopy and computer failures; market conditions or activities causing trading halts; systems failures involving computer or other information systems affecting the Trust, the Distributor, the Custodian, a sub-custodian, the Transfer Agent, DTC, NSCC, Federal Reserve System, or any other participant in the creation process, and other extraordinary events. The Transfer Agent shall notify a prospective creator of a Creation Unit and/or the Authorized Participant acting on behalf of the creator of a Creation Unit of its rejection of the order of such person. The Trust, the Transfer Agent, the Custodian, any sub-custodian and the Distributor are under no duty, however, to give notification of any defects or irregularities in the delivery of Fund Deposits nor shall either of them incur any liability for the failure to give any such notification. The Trust, the Transfer Agent, the Custodian and the Distributor shall not be liable for the rejection of any purchase order for Creation Units.

All questions as to the number of Shares of each security in the Deposit Securities and the validity, form, eligibility and acceptance for deposit of any securities to be delivered shall be determined by the Trust, and the Trust's determination shall be final and binding.

**Creation Transaction Fee.** A fixed purchase (*i.e.*, creation) transaction fee, payable to the Fund's custodian, may be imposed for the transfer and other transaction costs associated with the purchase of Creation Units ("Creation Order Costs"). The standard fixed creation transaction fee for the Fund is \$500, regardless of the number of Creation Units created in the transaction. The Fund may adjust the standard fixed creation transaction fee from time to time. The fixed creation fee may be waived on certain orders if the Fund's custodian has determined to waive some or all of the Creation Order Costs associated with the order or another party, such as the Adviser, has agreed to pay such fee.

In addition, a variable fee, payable to the Fund, of up to a maximum of 2% of the value of the Creation Units subject to the transaction may be imposed for cash purchases, non-standard orders, or partial cash purchases of Creation Units. The variable charge is primarily designed to cover additional costs (*e.g.*, brokerage, taxes) involved with buying the securities with cash. The Fund may determine to not charge a variable fee on certain orders when the Adviser has determined that doing so is in the best interests of Fund shareholders, *e.g.*, for creation orders that facilitate the rebalance of the Fund's portfolio in a more tax efficient manner than could be achieved without such order.

Investors who use the services of a broker or other such intermediary may be charged a fee for such services. Investors are responsible for the fixed costs of transferring the Fund Securities from the Trust to their account or on their order.

**Risks of Purchasing Creation Units.** There are certain legal risks unique to investors purchasing Creation Units directly from the Fund. Because Shares may be issued on an ongoing basis, a "distribution" of Shares could be occurring at any time. Certain activities that a shareholder performs as a dealer could, depending on the circumstances, result in the shareholder being deemed a participant in the distribution in a manner that could render the shareholder a statutory underwriter and subject to the prospectus delivery and liability provisions of the Securities Act. For example, a shareholder could be deemed a statutory underwriter if it purchases Creation Units from the Fund, breaks them down into the constituent shares, and sells those shares directly to customers, or if a shareholder chooses to couple the creation of a supply of new Shares with an active selling effort involving solicitation of secondary-market demand for Shares. Whether a person is an underwriter depends upon all of the facts and circumstances pertaining to that person's activities, and the examples mentioned here should not be considered a complete description of all the activities that could cause you to be deemed an underwriter.

Dealers who are not "underwriters" but are participating in a distribution (as opposed to engaging in ordinary secondary-market transactions), and thus dealing with Shares as part of an "unsold allotment" within the meaning of Section 4(a)(3)(C) of the Securities Act, will be unable to take advantage of the prospectus delivery exemption provided by Section 4(a)(3) of the Securities Act.

**Redemption.** Shares may be redeemed only in Creation Units at their NAV next determined after receipt of a redemption request in proper form by the Fund through the Transfer Agent and only on a Business Day. EXCEPT UPON LIQUIDATION OF THE FUND, THE TRUST WILL NOT REDEEM SHARES IN AMOUNTS LESS THAN CREATION UNITS. Investors must accumulate enough Shares in the secondary market to constitute a Creation Unit to have such Shares redeemed by the Trust. There can be no assurance, however, that there will be sufficient liquidity in the public trading market at any time to permit assembly of a Creation Unit. Investors should expect to incur brokerage and other costs in connection with assembling a sufficient number of Shares to constitute a redeemable Creation Unit.

With respect to the Fund, the Custodian, through the NSCC, makes available prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern time) on each Business Day, the list of the names and Share quantities of the Fund's portfolio securities that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form (as defined below) on that day ("Fund Securities"). Fund Securities received on redemption may not be identical to Deposit Securities.

Redemption proceeds for a Creation Unit are paid either in-kind or in cash, or combination thereof, as determined by the Trust. With respect to in-kind redemptions of the Fund, redemption proceeds for a Creation Unit will consist of Fund Securities - as announced by the Custodian on the Business Day of the request for redemption received in proper form plus cash in an amount equal to the difference between the NAV of Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Fund Securities (the "Cash Redemption Amount"), less a fixed redemption transaction fee, as applicable, as set forth below. In the event that the Fund Securities have a value greater than the NAV of Shares, a compensating cash payment equal to the differential is required to be made by or through an Authorized Participant by the redeeming shareholder. Notwithstanding the foregoing, at the Trust's discretion, an Authorized Participant may receive the corresponding cash value of the securities in lieu of the in-kind securities value representing one or more Fund Securities.

The typical settlement date for each redemption transaction will be within one day of the transaction (or T+1), unless the Fund and Authorized Participant agree to a different timeline for settlement or the transaction is exempt from the requirements of Rule 15c6-1 under the 1934 Act. Due to the schedule of holidays in certain countries, however, the receipt of redemption proceeds may take longer than one Business Day following the day on which the purchase order is received. In such cases, the local market settlement procedures will not commence until the end of local holiday periods.

**Redemption Transaction Fee.** A fixed redemption transaction fee, payable to the Fund's custodian, may be imposed for the transfer and other transaction costs associated with the redemption of Creation Units ("Redemption Order Costs"). The standard fixed redemption transaction fee for the Fund is \$500, regardless of the number of Creation Units redeemed in the transaction. The Fund may adjust the redemption transaction fee from time to time. The fixed redemption fee may be waived on certain orders if the Fund's custodian has determined to waive some or all of the Redemption Order Costs associated with the order or another party, such as the Adviser, has agreed to pay such fee.

In addition, a variable fee, payable to the Fund, of up to a maximum of 2% of the value of the Creation Units subject to the transaction may be imposed for cash redemptions, non-standard orders, or partial cash redemptions (when cash redemptions are available) of Creation Units. The variable charge is primarily designed to cover additional costs (e.g., brokerage, taxes) involved with selling portfolio securities to satisfy a cash redemption. The Fund may determine to not charge a variable fee on certain orders when the Adviser has determined that doing so is in the best interests of Fund shareholders, e.g., for redemption orders that facilitate the rebalance of the Fund's portfolio in a more tax efficient manner than could be achieved without such order.

Investors who use the services of a broker or other such intermediary may be charged a fee for such services. Investors are responsible for the fixed costs of transferring the Fund Securities from the Trust to their account or on their order.

**Procedures for Redemption of Creation Units.** Orders to redeem Creation Units must be submitted in proper form to the Transfer Agent prior to 4:00 p.m., Eastern time. A redemption request is considered to be in "proper form" if (i) an Authorized Participant has transferred or caused to be transferred to the Trust's Transfer Agent the Creation Unit(s) being redeemed through the book-entry system of DTC so as to be effective by the time as set forth in the Participant Agreement and (ii) a request in form satisfactory to the Trust is received by the Transfer Agent from the Authorized Participant on behalf of itself or another redeeming investor within the time periods specified in the Participant Agreement. If the Transfer Agent does not receive the investor's Shares through DTC's facilities by the times and pursuant to the other terms and conditions set forth in the Participant Agreement, the redemption request shall be rejected.

The Authorized Participant must transmit the request for redemption, in the form required by the Trust, to the Transfer Agent in accordance with procedures set forth in the Participant Agreement. Investors should be aware that their particular broker may not have executed a Participant Agreement, and that, therefore, requests to redeem Creation Units may have to be placed by the investor's broker through an Authorized Participant who has executed a Participant Agreement. Investors making a redemption request should be aware that such request must be in the form specified by such Authorized Participant. Investors making a request to redeem Creation Units should allow sufficient time to permit proper submission of the request by an Authorized Participant and transfer of Shares to the Trust's Transfer Agent; such investors should allow for the additional time that may be required to effect redemptions through their banks, brokers or other financial intermediaries if such intermediaries are not Authorized Participants.

**Additional Redemption Procedures.** In connection with taking delivery of Shares of Fund Securities upon redemption of Creation Units, a redeeming shareholder or Authorized Participant acting on behalf of such shareholder must maintain appropriate custody arrangements with a qualified broker-dealer, bank or other custody providers in each jurisdiction in which any of the Fund Securities are customarily traded, to which account such Fund Securities will be delivered. Deliveries of redemption proceeds generally will be made within two business days of the trade date.

The Trust may in its discretion exercise its option to redeem such Shares in cash, and the redeeming investor will be required to receive its redemption proceeds in cash. In addition, an investor may request a redemption in cash that the Fund may, in its sole discretion, permit. In either case, the investor will receive a cash payment equal to the NAV of its Shares based on the NAV of Shares next determined after the redemption request is received in proper form (minus a redemption transaction fee, if applicable,

and additional charge for requested cash redemptions specified above, to offset the Trust's brokerage and other transaction costs associated with the disposition of Fund Securities). The Fund may also, in its sole discretion, upon request of a shareholder, provide such redeemer a portfolio of securities that differs from the exact composition of the Fund Securities but does not differ in NAV. The Fund may also, in its sole discretion, upon request of a shareholder, provide such redeemer a portfolio of securities that differs from the exact composition of the Fund Securities but does not differ in NAV.

Redemptions of Shares for Fund Securities will be subject to compliance with applicable federal and state securities laws and the Fund (whether or not it otherwise permits cash redemptions) reserves the right to redeem Creation Units for cash to the extent that the Trust could not lawfully deliver specific Fund Securities upon redemptions or could not do so without first registering the Fund Securities under such laws. An Authorized Participant or an investor for which it is acting subject to a legal restriction with respect to a particular security included in the Fund Securities applicable to the redemption of Creation Units may be paid an equivalent amount of cash. The Authorized Participant may request the redeeming investor of Shares to complete an order form or to enter into agreements with respect to such matters as compensating cash payment. Further, an Authorized Participant that is not a "qualified institutional buyer," ("QIB"), as such term is defined under Rule 144A of the Securities Act, will not be able to receive Fund Securities that are restricted securities eligible for resale under Rule 144A. An Authorized Participant may be required by the Trust to provide a written confirmation with respect to QIB status to receive Fund Securities.

The right of redemption may be suspended or the date of payment postponed with respect to the Fund (1) for any period during which the Exchange is closed (other than customary weekend and holiday closings); (2) for any period during which trading on the Exchange is suspended or restricted; (3) for any period during which an emergency exists as a result of which disposal of Shares or determination of the NAV of Shares is not reasonably practicable; or (4) in such other circumstance as is permitted by the SEC.

## **DETERMINATION OF NAV**

The NAV of the Fund is determined as of the close of regular trading on the New York Stock Exchange (the "NYSE") (generally 4:00 p.m., Eastern Time), each day the NYSE is open for trading. The NYSE annually announces the days on which it will not be open for trading. It is expected that the NYSE will not be open for trading on the following holidays: New Year's Day, Martin Luther King, Jr. Day, Washington's Birthday/Presidents' Day, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

NAV is calculated by adding the value of all securities and other assets attributable to the Fund (including interest and dividends accrued, but not yet received), then subtracting liabilities attributable to the Fund (including accrued expenses). The net asset amount attributable to the share class is divided by the number of shares held by investors of the applicable class.

Generally, the Fund's investments are valued at market value or, in the absence of a market value, at fair value as determined in good faith by the Fund's valuation designee. The Board has designated the Adviser as its "valuation designee" under Rule 2a-5 of the 1940 Act, subject to its oversight. Fair value determinations are then made in good faith in accordance with procedures adopted by the Adviser. Pursuant to those procedures, the valuation designee considers, among other things: (1) the last sales price on the securities exchange, if any, on which a security is primarily traded; (2) the mean between the bid and asked prices; (3) price quotations from an approved pricing service; and (4) other factors as necessary to determine a fair value under certain circumstances.

Securities primarily traded in the NASDAQ Global Market® for which market quotations are readily available shall be valued using the NASDAQ® Official Closing Price ("NOCP"). If the NOCP is not available, such securities shall be valued at the last sale price on the day of valuation, or if there has been no sale on such day, at the mean between the bid and asked prices. OTC securities which are not traded in the NASDAQ Global Market® shall be valued at the most recent sales price. Securities and assets for which market quotations are not readily available (including restricted securities which are subject to limitations as to their sale) are valued at fair value as determined in good faith under the Adviser's procedures.

Short-term debt obligations with remaining maturities in excess of 60 days are valued at current market prices, as discussed above. In order to reflect their fair value, short-term securities with 60 days or less remaining to maturity are, unless conditions indicate otherwise, amortized to maturity based on their cost to the Fund if acquired within 60 days of maturity or, if already held by the Fund on the 60th day, based on the value determined on the 61st day.

The Fund's securities, including ADRs, EDRs and GDRs, which are traded on securities exchanges are valued at the last sale price on the exchange on which such securities are traded, as of the close of business on the day the securities are being valued or, lacking any reported sales, at the mean between the last available bid and asked price. Securities that are traded on more than one exchange are valued on the exchange determined by the Adviser to be the primary market.

In the case of foreign securities, the occurrence of certain events after the close of foreign markets, but prior to the time a Fund's NAV is calculated (such as a significant surge or decline in the U.S. or other markets) often will result in an adjustment to the

trading prices of foreign securities when foreign markets open on the following business day. If such events occur, the Fund will value foreign securities at fair value, taking into account such events, in calculating the NAV. In such cases, use of fair valuation can reduce an investor's ability to seek to profit by estimating a Fund's NAV in advance of the time the NAV is calculated. The Adviser anticipates that the Fund's portfolio holdings will be fair valued only if market quotations for those holdings are considered unreliable or are unavailable.

An option that is written or purchased by the Fund shall be valued using composite pricing via the National Best Bid and Offer quotes. Composite pricing looks at the last trade on the exchange where the option is traded. If there are no trades for an option on a given business day, as of closing, a Fund will value the option at the mean of the highest bid price and lowest ask price across the exchanges where the option is traded. For options where market quotations are not readily available, fair value shall be determined by the Fund's valuation designee.

All other assets of the Fund are valued in accordance with procedures adopted by the Adviser.

## **DIVIDENDS AND DISTRIBUTIONS**

The following information supplements and should be read in conjunction with the section in the Prospectus entitled "Dividends, Distributions and Taxes."

**General Policies.** Dividends from net investment income, if any, are declared and paid at least annually by the Fund. Distributions of net realized securities gains, if any, generally are declared and paid once a year, but the Fund may make distributions on a more frequent basis to comply with the distribution requirements of the Code to preserve the Fund's eligibility for treatment as a RIC, in all events in a manner consistent with the provisions of the 1940 Act.

Dividends and other distributions on Shares are distributed, as described below, on a pro rata basis to Beneficial Owners of such Shares. Dividend payments are made through DTC Participants and Indirect Participants to Beneficial Owners then of record with proceeds received from the Trust.

The Fund makes additional distributions to the extent necessary (i) to distribute the entire annual taxable income of the Fund, plus any net capital gains and (ii) to avoid imposition of the excise tax imposed by Section 4982 of the Code. Management of the Trust reserves the right to declare special dividends if, in its reasonable discretion, such action is necessary or advisable to preserve the Fund's eligibility for treatment as a RIC or to avoid imposition of income or excise taxes on undistributed income.

**Dividend Reinvestment Service.** The Trust will not make the DTC book-entry dividend reinvestment service available for use by Beneficial Owners for reinvestment of their cash proceeds, but certain individual broker-dealers may make available the DTC book-entry Dividend Reinvestment Service for use by Beneficial Owners of the Fund through DTC Participants for reinvestment of their dividend distributions. Investors should contact their brokers to ascertain the availability and description of these services. Beneficial Owners should be aware that each broker may require investors to adhere to specific procedures and timetables to participate in the dividend reinvestment service and investors should ascertain from their brokers such necessary details. If this service is available and used, dividend distributions of both income and realized gains will be automatically reinvested in additional whole Shares issued by the Trust of the Fund at NAV per Share. Distributions reinvested in additional Shares will nevertheless be taxable to Beneficial Owners acquiring such additional Shares to the same extent as if such distributions had been received in cash.

## **FEDERAL INCOME TAXES**

The following is only a summary of certain U.S. federal income tax considerations generally affecting the Fund and its shareholders that supplements the discussion in the Prospectus. No attempt is made to present a comprehensive explanation of the federal, state, local or foreign tax treatment of the Fund or its shareholders, and the discussion here and in the Prospectus is not intended to be a substitute for careful tax planning.

The following general discussion of certain U.S. federal income tax consequences is based on provisions of the Code and the regulations issued thereunder as in effect on the date of this SAI. New legislation, as well as administrative changes or court decisions, may significantly change the conclusions expressed herein, and may have a retroactive effect with respect to the transactions contemplated herein.

Shareholders are urged to consult their own tax advisers regarding the application of the provisions of tax law described in this SAI in light of the particular tax situations of the shareholders and regarding specific questions as to federal, state, local or foreign taxes.

**Taxation of the Fund.** The Fund has elected and intends to continue to qualify each year to be treated as a separate RIC under the Code. As such, the Fund should not be subject to federal income taxes on its net investment income and capital gains, if any, to the

extent that it timely distributes such income and capital gains to its shareholders. To qualify for treatment as a RIC, the Fund must distribute annually to its shareholders at least the sum of 90% of its net investment income (generally including the excess of net short-term capital gains over net long-term capital losses) and 90% of its net tax-exempt interest income, if any (the “Distribution Requirement”) and also must meet several additional requirements. Among these requirements are the following: (i) at least 90% of the Fund’s gross income each taxable year must be derived from dividends, interest, payments with respect to certain securities loans, gains from the sale or other disposition of stock, securities or foreign currencies, or other income derived with respect to its business of investing in such stock, securities or foreign currencies and net income derived from interests in qualified publicly traded partnerships (the “Qualifying Income Requirement”); and (ii) at the end of each quarter of the Fund’s taxable year, the Fund’s assets must be diversified so that (a) at least 50% of the value of the Fund’s total assets is represented by cash and cash items, U.S. government securities, securities of other RICs, and other securities, with such other securities limited, in respect to any one issuer, to an amount not greater in value than 5% of the value of the Fund’s total assets and to not more than 10% of the outstanding voting securities of such issuer, including the equity securities of a qualified publicly traded partnership, and (b) not more than 25% of the value of its total assets is invested, including through corporations in which the Fund owns a 20% or more voting stock interest, in the securities (other than U.S. government securities or securities of other RICs) of any one issuer, the securities (other than securities of other RICs) of two or more issuers which the Fund controls and which are engaged in the same, similar, or related trades or businesses, or the securities of one or more qualified publicly traded partnerships (the “Diversification Requirement”).

To the extent the Fund makes investments that may generate income that is not qualifying income, including certain derivatives, the Fund will seek to restrict the resulting income from such investments so that the Fund’s non-qualifying income does not exceed 10% of its gross income.

Although the Fund intends to distribute substantially all of its net investment income and may distribute its capital gains for any taxable year, the Fund will be subject to federal income taxation to the extent any such income or gains are not distributed. The Fund is treated as a separate corporation for federal income tax purposes. The Fund therefore is considered to be a separate entity in determining its treatment under the rules for RICs described herein. The requirements (other than certain organizational requirements) for qualifying RIC status are determined at the Fund level rather than at the Trust level.

If the Fund fails to satisfy the Qualifying Income Requirement or the Diversification Requirement in any taxable year, the Fund may be eligible for relief provisions if the failures are due to reasonable cause and not willful neglect, and if a penalty tax is paid with respect to each failure to satisfy the applicable requirements. Additionally, relief is provided for certain *de minimis* failures of the Diversification Requirement where the Fund corrects the failure within a specified period of time. To be eligible for the relief provisions with respect to a failure to meet the Diversification Requirement, the Fund may be required to dispose of certain assets. If these relief provisions were not available to the Fund and it were to fail to qualify for treatment as a RIC for a taxable year, all of its taxable income would be subject to tax at the regular 21% corporate rate without any deduction for distributions to shareholders, and its distributions (including capital gains distributions) generally would be taxable to the shareholders of the Fund as ordinary income dividends, subject to the dividends received deduction for corporate shareholders and the lower tax rates on qualified dividend income received by non-corporate shareholders, subject to certain limitations. To requalify for treatment as a RIC in a subsequent taxable year, the Fund would be required to satisfy the RIC qualification requirements for that year and to distribute any earnings and profits from any year in which the Fund failed to qualify for tax treatment as a RIC. If the Fund failed to qualify as a RIC for a period greater than two taxable years, it would generally be required to pay a Fund-level tax on certain net built in gains recognized with respect to certain of its assets upon disposition of such assets within five years of qualifying as a RIC in a subsequent year. The Board reserves the right not to maintain the qualification of the Fund for treatment as a RIC if it determines such course of action to be beneficial to shareholders. If the Fund determines that it will not qualify as a RIC, the Fund will establish procedures to reflect the anticipated tax liability in the Fund’s NAV.

The Fund may elect to treat part or all of any “qualified late year loss” as if it had been incurred in the succeeding taxable year in determining the Fund’s taxable income, net capital gain, net short-term capital gain, and earnings and profits. The effect of this election is to treat any such “qualified late year loss” as if it had been incurred in the succeeding taxable year in characterizing Fund distributions for any calendar year. A “qualified late year loss” generally includes net capital loss, net long-term capital loss, or net short-term capital loss incurred after October 31 of the current taxable year (commonly referred to as “post-October losses”) and certain other late-year losses.

Capital losses in excess of capital gains (“net capital losses”) are not permitted to be deducted against a RIC’s net investment income. Instead, for U.S. federal income tax purposes, potentially subject to certain limitations, the Fund may carry a net capital loss from any taxable year forward indefinitely to offset its capital gains, if any, in years following the year of the loss. To the extent subsequent capital gains are offset by such losses, they will not result in U.S. federal income tax liability to the Fund and may not be distributed as capital gains to its shareholders. Generally, the Fund may not carry forward any losses other than net capital losses. The carryover of capital losses may be limited under the general loss limitation rules if the Fund experiences an

ownership change as defined in the Code. At October 31, 2024, the Fund had \$2,000,614 in short-term capital loss carryforwards and \$126,786 in long-term capital loss carryforwards which can be carried forward indefinitely.

The Fund will be subject to a nondeductible 4% federal excise tax on certain undistributed income if it does not distribute to its shareholders in each calendar year an amount at least equal to 98% of its ordinary income for the calendar year plus 98.2% of its capital gain net income for the one-year period ending on October 31 of that year, subject to an increase for any shortfall in the prior year's distribution. For this purpose, any ordinary income or capital gain net income retained by the Fund and subject to corporate income tax will be considered to have been distributed. The Fund intends to declare and distribute dividends and distributions in the amounts and at the times necessary to avoid the application of the excise tax, but can make no assurances that all such tax liability will be eliminated. The Fund may in certain circumstances be required to liquidate Fund investments in order to make sufficient distributions to avoid federal excise tax liability at a time when the investment adviser might not otherwise have chosen to do so, and liquidation of investments in such circumstances may affect the ability of the Fund to satisfy the requirement for qualification as a RIC.

If the Fund meets the Distribution Requirement but retains some or all of its income or gains, it will be subject to federal income tax to the extent any such income or gains are not distributed. The Fund may designate certain amounts retained as undistributed net capital gain in a notice to its shareholders, who (i) will be required to include in income for U.S. federal income tax purposes, as long-term capital gain, their proportionate shares of the undistributed amount so designated, (ii) will be entitled to credit their proportionate shares of the income tax paid by the Fund on that undistributed amount against their federal income tax liabilities and to claim refunds to the extent such credits exceed their tax liabilities, and (iii) will be entitled to increase their tax basis, for federal income tax purposes, in their Shares by an amount equal to the excess of the amount of undistributed net capital gain included in their respective income over their respective income tax credits.

Taxation of Shareholders – Distributions. The Fund intends to distribute annually to its shareholders substantially all of its investment company taxable income (computed without regard to the deduction for dividends paid), its net tax-exempt income, if any, and any net capital gain (net recognized long-term capital gains in excess of net recognized short-term capital losses, taking into account any capital loss carryforwards). The distribution of investment company taxable income (as so computed) and net realized capital gain will be taxable to Fund shareholders regardless of whether the shareholder receives these distributions in cash or reinvests them in additional Shares.

The Fund (or your broker) will report to shareholders annually the amounts of dividends paid from ordinary income, the amount of distributions of net capital gain, the portion of dividends which may qualify for the dividends received deduction for corporations, and the portion of dividends which may qualify for treatment as qualified dividend income, which, subject to certain limitations and requirements, is taxable to non-corporate shareholders at rates of up to 20%.

Qualified dividend income includes, in general and, subject to certain holding period and other requirements, dividend income from taxable domestic corporations and certain foreign corporations. Subject to certain limitations, eligible foreign corporations include those incorporated in possessions of the United States, those incorporated in certain countries with comprehensive tax treaties with the United States, and other foreign corporations if the stock with respect to which the dividends are paid is readily tradable on an established securities market in the United States. Dividends received by the Fund from an ETF, an underlying fund taxable as a RIC, or a REIT may be treated as qualified dividend income generally only to the extent so reported by such ETF, underlying fund, or REIT. If 95% or more of the Fund's gross income (calculated without taking into account net capital gain derived from sales or other dispositions of stock or securities) consists of qualified dividend income, the Fund may report all distributions of such income as qualified dividend income.

Fund dividends will not be treated as qualified dividend income if the Fund does not meet holding period and other requirements with respect to dividend paying stocks in its portfolio, and the shareholder does not meet holding period and other requirements with respect to the Shares on which the dividends were paid. Distributions by the Fund of its net short-term capital gains will be taxable as ordinary income. Distributions from the Fund's net capital gain will be taxable to shareholders at long-term capital gains rates, regardless of how long shareholders have held their Shares. Distributions may be subject to state and local taxes.

In the case of corporate shareholders, certain dividends received by the Fund from U.S. corporations (generally, dividends received by the Fund in respect of any share of stock (1) with a tax holding period of at least 46 days during the 91-day period beginning on the date that is 45 days before the date on which the stock becomes ex-dividend as to that dividend and (2) that is held in an unleveraged position) and distributed and appropriately so reported by the Fund may be eligible for the 50% dividends received deduction. Certain preferred stock must have a holding period of at least 91 days during the 181-day period beginning on the date that is 90 days before the date on which the stock becomes ex-dividend as to that dividend to be eligible. Capital gain dividends distributed to the Fund from REITs and other RICs are not eligible for the dividends received deduction. To qualify for the deduction, corporate shareholders must meet the minimum holding period requirement stated above with respect to their Shares, taking into account any holding period reductions from certain hedging or other transactions or positions that diminish their risk of

loss with respect to their Shares, and, if they borrow to acquire or otherwise incur debt attributable to Shares, they may be denied a portion of the dividends received deduction with respect to those Shares.

Although dividends generally will be treated as distributed when paid, any dividend declared by the Fund in October, November or December and payable to shareholders of record in such a month that is paid during the following January will be treated for U.S. federal income tax purposes as received by shareholders on December 31 of the calendar year in which it was declared.

U.S. individuals with adjusted gross income (subject to certain adjustments) exceeding certain threshold amounts (\$250,000 if married filing jointly or if considered a “surviving spouse” for federal income tax purposes, \$125,000 if married filing separately, and \$200,000 in other cases) are subject to a 3.8% tax on all or a portion of their “net investment income,” which includes taxable interest, dividends, and certain capital gains (generally including capital gain distributions and capital gains realized on the sale of Shares). This 3.8% tax also applies to all or a portion of the undistributed net investment income of certain shareholders that are estates and trusts.

Shareholders who have not held Shares for a full year should be aware that the Fund may report and distribute, as ordinary dividends or capital gain dividends, a percentage of income that is not equal to the percentage of the Fund’s ordinary income or net capital gain, respectively, actually earned during the applicable shareholder’s period of investment in the Fund. A taxable shareholder may wish to avoid investing in the Fund shortly before a dividend or other distribution, because the distribution will generally be taxable even though it may economically represent a return of a portion of the shareholder’s investment.

To the extent that the Fund makes a distribution of income received by the Fund in lieu of dividends (a “substitute payment”) with respect to securities on loan pursuant to a securities lending transaction, such income will not constitute qualified dividend income to individual shareholders and will not be eligible for the dividends received deduction for corporate shareholders.

If the Fund’s distributions exceed its earnings and profits, all or a portion of the distributions made for a taxable year may be recharacterized as a return of capital to shareholders. A return of capital distribution will generally not be taxable, but will reduce each shareholder’s cost basis in the Fund and result in a higher capital gain or lower capital loss when Shares on which the distribution was received are sold. After a shareholder’s basis in Shares has been reduced to zero, distributions in excess of earnings and profits will be treated as gain from the sale of the shareholder’s Shares.

**Taxation of Shareholders – Sale of Shares.** A sale, redemption, or exchange of Shares may give rise to a gain or loss. For tax purposes, an exchange of your Fund Shares for shares of a different fund is the same as a sale. In general, any gain or loss realized upon a taxable disposition of Shares will be treated as long-term capital gain or loss if Shares have been held for more than 12 months. Otherwise, the gain or loss on the taxable disposition of Shares will generally be treated as short-term capital gain or loss. Any loss realized upon a taxable disposition of Shares held for six months or less will be treated as long-term capital loss, rather than short-term capital loss, to the extent of any amounts treated as distributions to the shareholder of long-term capital gain (including any amounts credited to the shareholder as undistributed capital gains). All or a portion of any loss realized upon a taxable disposition of Shares may be disallowed if substantially identical Shares are acquired (through the reinvestment of dividends or otherwise) within a 61-day period beginning 30 days before and ending 30 days after the disposition. In such a case, the basis of the newly acquired Shares will be adjusted to reflect the disallowed loss.

The cost basis of Shares acquired by purchase will generally be based on the amount paid for Shares and then may be subsequently adjusted for other applicable transactions as required by the Code. The difference between the selling price and the cost basis of Shares generally determines the amount of the capital gain or loss realized on the sale or exchange of Shares. Contact the broker through whom you purchased your Shares to obtain information with respect to the available cost basis reporting methods and elections for your account.

Any capital gain or loss realized upon the creation of Creation Units will generally be treated as long-term capital gain or loss if the securities exchanged for such Creation Units have been held for more than one year. Any capital gain or loss realized upon the redemption of Creation Units will generally be treated as long-term capital gain or loss if Shares comprising the Creation Units have been held for more than one year. Otherwise, such capital gains or losses will generally be treated as short-term capital gains or losses. Any loss upon a redemption of Creation Units held for six months or less may be treated as long-term capital loss to the extent of any amounts treated as distributions to the applicable Authorized Participant of long-term capital gain with respect to the Creation Units (including any amounts credited to the Authorized Participant as undistributed capital gains).

The Trust, on behalf of the Fund, has the right to reject an order for Creation Units if the purchaser (or a group of purchasers) would, upon obtaining the Creation Units so ordered, own 80% or more of the outstanding Shares and if, pursuant to Section 351 of the Code, the Fund would have a basis in the deposit securities different from the market value of such securities on the date of deposit. The Trust also has the right to require the provision of information necessary to determine beneficial Share ownership for purposes of the 80% determination. If the Fund does issue Creation Units to a purchaser (or a group of purchasers) that would, upon obtaining the Creation Units so ordered, own 80% or more of the outstanding Shares, the purchaser (or a group of purchasers) will not recognize gain or loss upon the exchange of securities for Creation Units.

Authorized Participants purchasing or redeeming Creation Units should consult their own tax advisers with respect to the tax treatment of any creation or redemption transaction and whether the wash sales rule applies and when a loss may be deductible.

**Taxation of Fund Investments.** Certain of the Fund's investments may be subject to complex provisions of the Code (including provisions relating to hedging transactions, straddles, integrated transactions, foreign currency contracts, forward foreign currency contracts, and notional principal contracts) that, among other things, may affect the Fund's ability to qualify as a RIC, may affect the character of gains and losses realized by the Fund (e.g., may affect whether gains or losses are ordinary or capital), accelerate recognition of income to the Fund and defer losses. These rules could therefore affect the character, amount and timing of distributions to shareholders. These provisions also may require the Fund to mark to market certain types of positions in its portfolio (*i.e.*, treat them as if they were closed out) which may cause the Fund to recognize income without the Fund receiving cash with which to make distributions in amounts sufficient to enable the Fund to satisfy the RIC distribution requirements for avoiding income and excise taxes. The Fund intends to monitor its transactions, intends to make appropriate tax elections, and intends to make appropriate entries in its books and records to mitigate the effect of these rules and preserve the Fund's qualification for treatment as a RIC. To the extent the Fund invests in an underlying fund that is taxable as a RIC, the rules applicable to the tax treatment of complex securities will also apply to the underlying funds that also invest in such complex securities and investments.

**Additional Tax Information Concerning REITs.** The Fund may invest in entities treated as REITs for U.S. federal income tax purposes.

Investments in REIT equity securities may require the Fund to accrue and distribute income not yet received. To generate sufficient cash to make the requisite distributions, the Fund may be required to sell securities in its portfolio (including when it is not advantageous to do so) that it otherwise would have continued to hold. The Fund's investments in REIT equity securities may at other times result in the Fund's receipt of cash in excess of the REIT's earnings; if the Fund distributes these amounts, these distributions could constitute a return of capital to the Fund's shareholders for federal income tax purposes. Dividends paid by a REIT, other than capital gain distributions, will be taxable as ordinary income up to the amount of the REIT's current and accumulated earnings and profits. Capital gain dividends paid by a REIT to the Fund will be treated as long-term capital gains by the Fund and, in turn, may be distributed by the Fund to its shareholders as a capital gain distribution. Dividends received by the Fund from a REIT generally will not constitute qualified dividend income or qualify for the dividends received deduction. If a REIT is operated in a manner such that it fails to qualify as a REIT, an investment in the REIT would become subject to double taxation, meaning the taxable income of the REIT would be subject to federal income tax at the regular corporate rate without any deduction for dividends paid to shareholders and the dividends would be taxable to shareholders as ordinary income (or possibly as qualified dividend income) to the extent of the REIT's current and accumulated earnings and profits.

REITs in which the Fund invests often do not provide complete and final tax information to the Fund until after the time that the Fund issues a tax reporting statement. As a result, the Fund may at times find it necessary to reclassify the amount and character of its distributions to you after it issues your tax reporting statement. When such reclassification is necessary, you will be sent a corrected, final Form 1099-DIV to reflect the reclassified information. If you receive a corrected Form 1099-DIV, use the information on this corrected form, and not the information on the previously issued tax reporting statement, in completing your tax returns.

“Qualified REIT dividends” (*i.e.*, ordinary REIT dividends other than capital gain dividends and portions of REIT dividends designated as qualified dividend income eligible for capital gain tax rates) are eligible for a 20% deduction by non-corporate taxpayers. This deduction, if allowed in full, equates to a maximum effective tax rate of 29.6% (37% top rate applied to income after 20% deduction). Distributions by the Fund to its shareholders that are attributable to qualified REIT dividends received by the Fund and which the Fund properly reports as “section 199A dividends,” are treated as “qualified REIT dividends” in the hands of non-corporate shareholders. A section 199A dividend is treated as a qualified REIT dividend only if the shareholder receiving such dividend holds the dividend-paying RIC shares for at least 46 days of the 91-day period beginning 45 days before the shares become ex-dividend, and is not under an obligation to make related payments with respect to a position in substantially similar or related property. The Fund is permitted to report such part of its dividends as section 199A dividends as are eligible, but is not required to do so.

**Backup Withholding.** The Fund will be required in certain cases to withhold (as “backup withholding”) on amounts payable to any shareholder who (1) fails to provide a correct taxpayer identification number certified under penalty of perjury; (2) is subject to backup withholding by the IRS for failure to properly report all payments of interest or dividends; (3) fails to provide a certified statement that he or she is not subject to “backup withholding;” or (4) fails to provide a certified statement that he or she is a U.S. person (including a U.S. resident alien). The backup withholding rate is currently 24%. Backup withholding is not an additional tax and any amounts withheld may be credited against the shareholder's ultimate U.S. tax liability. Backup withholding will not be applied to payments that have been subject to the 30% withholding tax on shareholders who are neither citizens nor permanent residents of the United States.

Non-U.S. Shareholders. Any non-U.S. investors in the Fund may be subject to U.S. withholding and estate tax and are encouraged to consult their tax advisors prior to investing in the Fund. Foreign shareholders (*i.e.*, nonresident alien individuals and foreign corporations, partnerships, trusts and estates) are generally subject to U.S. withholding tax at the rate of 30% (or a lower tax treaty rate) on distributions derived from taxable ordinary income. The Fund may, under certain circumstances, report all or a portion of a dividend as an “interest-related dividend” or a “short-term capital gain dividend,” which would generally be exempt from this 30% U.S. withholding tax, provided certain other requirements are met. Short-term capital gain dividends received by a nonresident alien individual who is present in the U.S. for a period or periods aggregating 183 days or more during the taxable year are not exempt from this 30% withholding tax. Gains realized by foreign shareholders from the sale or other disposition of Shares generally are not subject to U.S. taxation, unless the recipient is an individual who is physically present in the U.S. for 183 days or more per year. Foreign shareholders who fail to provide an applicable IRS form may be subject to backup withholding on certain payments from the Fund. Backup withholding will not be applied to payments that are subject to the 30% (or lower applicable treaty rate) withholding tax described in this paragraph. Different tax consequences may result if the foreign shareholder is engaged in a trade or business within the United States. In addition, the tax consequences to a foreign shareholder entitled to claim the benefits of a tax treaty may be different than those described above.

Unless certain non-U.S. entities that hold Shares comply with IRS requirements that will generally require them to report information regarding U.S. persons investing in, or holding accounts with, such entities, a 30% withholding tax may apply to Fund distributions payable to such entities. A non-U.S. shareholder may be exempt from the withholding described in this paragraph under an applicable intergovernmental agreement between the U.S. and a foreign government, provided that the shareholder and the applicable foreign government comply with the terms of the agreement.

For foreign shareholders to qualify for an exemption from backup withholding, described above, the foreign shareholder must comply with special certification and filing requirements. Foreign shareholders in the Fund should consult their tax advisors in this regard.

Tax-Exempt Shareholders. Certain tax-exempt shareholders, including qualified pension plans, individual retirement accounts, salary deferral arrangements, 401(k) plans, and other tax-exempt entities, generally are exempt from federal income taxation except with respect to their unrelated business taxable income (“UBTI”). Tax-exempt entities are not permitted to offset losses from one unrelated trade or business against the income or gain of another unrelated trade or business. Certain net losses incurred prior to January 1, 2018 are permitted to offset gain and income created by an unrelated trade or business, if otherwise available. Under current law, the Fund generally serves to block UBTI from being realized by its tax-exempt shareholders with respect to their shares of Fund income. However, notwithstanding the foregoing, tax-exempt shareholders could realize UBTI by virtue of their investment in the Fund if, for example, (i) the Fund invests in residual interests of Real Estate Mortgage Investment Conduits (“REMICs”), (ii) the Fund invests in a REIT that is a taxable mortgage pool (“TMP”) or that has a subsidiary that is a TMP or that invests in the residual interest of a REMIC, or (iii) Shares constitute debt-financed property in the hands of the tax-exempt shareholders within the meaning of section 514(b) of the Code. Charitable remainder trusts are subject to special rules and should consult their tax advisers. The IRS has issued guidance with respect to these issues and prospective shareholders, especially charitable remainder trusts, are strongly encouraged to consult with their tax advisers regarding these issues.

Certain Potential Tax Reporting Requirements. Under U.S. Treasury regulations, if a shareholder recognizes a loss on disposition of Shares of \$2 million or more for an individual shareholder or \$10 million or more for a corporate shareholder (or certain greater amounts over a combination of years), the shareholder must file with the IRS a disclosure statement on IRS Form 8886. Direct shareholders of portfolio securities are in many cases excepted from this reporting requirement, but under current guidance, shareholders of a RIC are not excepted. Significant penalties may be imposed for the failure to comply with the reporting requirements. The fact that a loss is reportable under these regulations does not affect the legal determination of whether the taxpayer’s treatment of the loss is proper. Shareholders should consult their tax advisers to determine the applicability of these regulations in light of their individual circumstances.

Other Issues. In those states which have income tax laws, the tax treatment of the Fund and of Fund shareholders with respect to distributions by the Fund may differ from federal tax treatment.

## **FINANCIAL STATEMENTS**

The [Form N-CSR](#) for the Fund for the fiscal year ended October 31, 2024 is a separate document, and the financial statements and accompanying notes of the independent registered public accounting firm appearing therein are incorporated by reference into this SAI. You may request a copy of the Fund’s Annual Report at no charge by calling 1-800-617-0004 or through the Fund’s website at [eatv.vegtechinvest.com](http://eatv.vegtechinvest.com).

## Appendix A

# Proxy Voting Policies & Procedures

### Background

An investment adviser owes a duty of care and loyalty to its clients with respect to monitoring corporate events and exercising proxy authority in the best interests of such clients. VegTech™ will adhere to Rule 206(4)-6 of the Advisers Act and applicable laws and regulations in regard to the voting of proxies. As a result, investment advisers must conduct a reasonable review into matters on which the adviser votes and to vote in the best interest of the client.

### Policies and Procedures

The Fund has delegated proxy voting responsibilities to VegTech™, subject to the Board's oversight. In delegating proxy responsibilities, the Board has directed that proxies be voted consistent with the Fund's and its shareholders' best interests and in compliance with all applicable proxy voting rules and regulations. As such, VegTech™ has the authority to vote proxies with respect to securities held by the Fund over which VegTech™ has voting discretion.

VegTech™ will cast proxy votes in a manner that is consistent with the best interests of the Fund. Where VegTech™ undertakes proxy voting responsibilities on behalf of multiple clients, it shall consider whether it should have different voting policies for some or all of these different clients, depending on the investment strategy and objectives of each client. These proxy voting policies and procedures are designed to deal with the complexities which may arise in cases where VegTech™'s interests conflict or appear to conflict with the interests of its clients and to provide a copy of proxy voting and these procedures upon client request. VegTech™ will also make available the record of VegTech™'s votes promptly upon request.

Unless contractually obligated to vote in a certain manner, VegTech™ will reach its voting decisions independently, after appropriate investigation. In order to facilitate the actual process of voting proxies, VegTech™ has contracted with Broadridge with recommendations provided by As You Sow (herein "Broadridge"). Both Broadridge and the Fund's custodian monitor corporate events for VegTech™. The President of VegTech™ is responsible for overseeing Broadridge's proxy voting activities for VegTech™ and will attempt to ensure that Broadridge is voting proxies pursuant to the Procedures. Where VegTech™ deviates from the guidelines listed below, or depends upon a third party to make the decision, the reasons shall be documented. VegTech™ may consult with such other experts, such as CPA's, investment bankers, attorneys, etc., as it deems necessary to help reach informed decisions.

The CCO is responsible for monitoring the effectiveness of this policy.

VegTech™ generally will monitor proposed corporate actions and proxy issues regarding client securities and may take any of the following actions based on the best interests of its clients: (i) determine how to vote the proxies; (ii) abstain; or (iii) follow the recommendations of an independent proxy voting service in voting the proxies.

In general, VegTech™ will determine how to vote proxies based on reasonable judgment of the vote most likely to produce favorable financial results for its clients. Proxy votes generally will be cast in favor of proposals that maintain or strengthen the shared interests of shareholders. Proxy votes generally will be cast against proposals having the opposite effect. VegTech™ will always consider each side of each proxy issue.

### Non-Voting of Proxies

VegTech™ will not necessarily vote proxies in the following situations:

- a. Where VegTech™ and client have agreed in advance to limit the conditions under which VegTech™ would exercise voting authority;
- b. Proxies are received for equity securities where, at the time of receipt, VegTech™'s position, across all clients that it advises, is less than, or equal to, 1% of the total outstanding voting equity (an "immaterial position"); or
- c. Where VegTech™ has determined that refraining is in the best interest of the client, such as when the cost to the client of voting the proxy is greater than the expected benefit of voting (e.g., voting a foreign security that is required to be made in person).

d. Proxies are received for equity securities where, at the time of receipt, VegTech™'s clients no longer hold that position.

### **Management Proposals**

VegTech™ will generally vote for routine matters proposed by issuer management, such as setting a time or place for an annual meeting, changing the name or fiscal year, or voting for directors in favor of the management proposed slate. Other routine matters in which VegTech™ will generally vote along with company management include: appointment of auditors; fees paid to board members; and change in the board structure. VegTech™ will generally vote along with management as long as the proposal does not: i) measurably change the structure, management, control or operations of VegTech™; ii) measurably change the terms of, or fees or expenses associated with, an investment in VegTech™; and (iii) the proposal is consistent with customary industry standards and practices, as well as the laws of the state of incorporation applicable to VegTech™. Routine matters may not necessitate the same level of analysis than non-routine matters.

### **Non-Routine Matters**

Non-routine matters may include such things as:

- a. The authorization of additional common or preferred stock;
- b. Initiation or termination of barriers to takeover or acquisition;
- c. Mergers or acquisitions;
- d. Corporate reorganizations.

In non-routine matters, VegTech™ will attempt to be generally familiar with the questions at issue. Non-routine matters will be voted on a case-by-case basis given the complexity of many of these issues. When determining how to vote non-routine matters VegTech™ shall typically conduct an issue-specific analysis, giving consideration to the potential effect on the value of a client's investments.

### **Processing Proxy Votes**

The President will be responsible for determining whether each proxy is for a "routine" matter, as described above, and whether the policy and procedures set forth herein actually address the specific issue. For proxies that are not clearly "routine", VegTech™, in conjunction with the President, will determine how to vote each such proxy by applying these policies and procedures. Upon making a decision, the proxy will be executed and returned for submission to the issuer. VegTech™'s proxy voting record will be updated at the time the proxy is submitted.

ISS has been appointed as the "Proxy Service" for voting VegTech™'s proxies after approval by the President.

### **Periodic Testing**

VegTech™ shall evaluate compliance by periodically sampling the proxy votes it casts on behalf of its clients by sampling proxy votes that relate to proposals that are non-routine matters and require more issue-specific analysis (e.g., mergers and acquisition transactions, dissolutions, conversions, or consolidations).

### **Conflicts of Interest**

Conflicts of interest between VegTech™ or an Associated Person of VegTech™ and VegTech™'s clients with respect to a proxy issue conceivably may arise, for example, from personal or professional relationships with an issuer or with the directors, candidates for director, or senior executives of an issuer.

Potential conflicts of interest between VegTech™ and its clients may arise when VegTech™'s relationships with an issuer or with a related third party actually conflict, or appear to conflict, with the best interests of VegTech™'s clients.

If the issue is specifically addressed in these policies and procedures, VegTech™ will vote in accordance with these policies. In a situation where the issue is not specifically addressed in these policies and procedures and an apparent or actual conflict exists, VegTech™ shall either: i) delegate the voting decision to an independent third party; ii) inform clients of the conflict of interest and obtain advance consent of a majority of such clients for a particular voting decision; or iii) obtain approval of a voting decision from VegTech™'s President, who will be responsible for documenting the rationale for the decision made and voted.

In all such cases, VegTech™ will make disclosures to clients of all material conflicts and will keep documentation supporting its voting decisions.

If the President determines that a material conflict of interest exists, the following procedures shall be followed:

1. VegTech™ may disclose the existence and nature of the conflict to the client(s) owning the securities, and seek directions on how to vote the proxies;
2. VegTech™ may abstain from voting, particularly if there are conflicting client interests (for example, where client accounts hold different client securities in a competitive merger situation); or
3. VegTech™ may follow the recommendations of an independent proxy voting service in voting the proxies.

#### **Disclosure to Clients**

The full text of VegTech™'s proxy voting policy will be provided to clients upon request.

#### **Form N-PX**

The Fund Administrator will file an annual report of each proxy voted with respect to portfolio securities held by the Fund during the twelve-month period ended June 30 on Form N-PX no later than August 31 of each year. The Form N-PX filing for the Fund will be based on the proxy voting records provided by VegTech™.

The guiding principle by which VegTech™ votes on all matters submitted to security holders is the maximization of the ultimate economic value of our Clients' holdings, or to promote policies that will beneficially impact Climate Change or that raise environmental, social or governance issues. VegTech™ does not permit voting decisions to be influenced in any manner that is contrary to, or dilutive of, the guiding principle set forth above. It is our policy to avoid situations where there is any conflict of interest or perceived conflict of interest affecting our voting decisions. Any conflicts of interest, regardless of whether actual or perceived, will be addressed in accordance with these policies and procedures

It is the general policy of the Firm to vote on all matters presented to security holders in any Proxy, and these policies and procedures have been designed with that in mind. However, VegTech™ reserves the right to abstain on any particular vote or otherwise withhold its vote on any matter if, in its judgement, the costs associated with voting such Proxy outweigh the benefits to Clients or if the circumstances make such an abstention or withholding otherwise advisable and in the best interest of our Clients.

While the guidelines included in the procedures are intended to provide a benchmark for voting standards, each vote is ultimately cast on a case-by-case basis, taking into consideration VegTech™'s contractual obligations to our Clients and all other relevant facts and circumstances at the time of the vote (such that these guidelines may be overridden to the extent Adviser believes appropriate).

As VegTech™ provides investment advisory services to registered, an open-end investment company, it will vote any proxies for the Fund in accordance with any applicable investment restrictions of the Fund, if applicable.

#### **Proxy Voter Oversight**

To ensure oversight of the Proxy Voter, VegTech™ will obtain an annual attestation from the Proxy Voter addressing the following items:

1. Proxy Voter has the capacity and competence to adequately analyze proxy issues and other governance issues and makes its recommendations in an impartial and independent manner;
2. Identify any exceptions to the Proxy Voter's proxy voting policies in the application of vote recommendations on behalf of the Fund;
3. Identify any proxy voting recommendations made by the Proxy Voter which were subject to a conflict of interest.
